Smart Growth America Memorandum of Understanding

December 30, 2015

The Honorable Mayor Ellison and
Members of the City Commission:

On December 2nd, Smart Growth America (SGA) announced that Royal Oak was among seven winning communities across the United States that will receive a free technical assistance workshop in 2016. Through the program, Royal Oak will receive hands-on assistance from SGA and Clarion Associates for a sustainable land use code audit (Attachment 1).

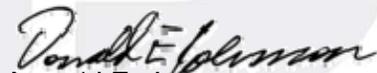

Execution of a memorandum of understanding between the city and SGA (Attachment 2) is the first step in this program. The proposed MOU emphasizes that both parties agree to work together in a collaborative spirit and negotiate in good faith on all tasks and deliverables required for the workshop, and that SGA, through its grant from the U.S. Environmental Protection Agency, shall cover all direct monetary costs of the work to be performed on the workshop as described by the attached workshop description, including staff work by SGA and the costs of any consultants retained for the Workshop. Royal Oak shall not be required to provide any direct financial support for consultants or staff retained by SGA.

The following resolution is recommended for approval:

Be it resolved, the city commission hereby approves executing the Smart Growth America Memorandum of Understanding for the sustainable land use code audit workshop.

Respectfully submitted,
Todd E. Fenton
Economic Development Manager

Approved,

Donald E. Johnson
City Manager

Attachment 1

Smart Growth America
Making Neighborhoods Great Together

Tool: Sustainable Land Use Code Audit

Provider: Smart Growth America and Clarion Associates

Summary:

Audits of local land use codes are being undertaken by an increasing number of communities that recognize their zoning and subdivision regulations are an important key to long-term sustainable development patterns and practices and economic growth. These code audits examine 10-12 sustainability issues such as energy conservation, renewable energy, and community health that are chosen by the community and provide an assessment of barriers and regulatory gaps in the codes to attaining community sustainability goals in these areas and potential implementation strategies.

Areas of potential focus include:

The focus areas for the code audit are chosen by the community and can include topics such as:

- renewable energy
- energy conservation
- climate change
- recycling
- community health
- water conservation
- housing diversity
- urban agriculture
- green infrastructure and water quality
- outdoor lighting
- natural resource protection

The presentations and discussions will also cover costs and benefits of sustainable code provisions and implementation strategies.

How it works:

- One-day session with community leaders and staff begins with an overview (typically 1 hour) that answers the question: What is a sustainable development code and why undertake a sustainable code diagnosis?
- Short presentations on the economic and other benefits of sustainable code provisions; specific sustainability topics such as renewable energy and water conservation, addressing barriers, incentives, and regulatory gaps.
- Examples of best practices from around the nation
- Hands-on working session with local officials to conduct an initial sustainable code assessment

Outcomes:

- Hands-on initial assessment of local zoning and subdivision ordinances
- Understanding of code issues inhibiting sustainable development patterns and growth.
- Know-how to conduct a detailed code assessment
- Tips and advice on implementation

Assistance provided with grant support from US EPA's Office of Sustainable Communities under their Building Blocks for Sustainable Communities Program.

Attachment 2

Memorandum of Understanding EPA Building Blocks for Sustainable Communities Technical Assistance Grant

Royal Oak, MI and Smart Growth America

This Memorandum of Understanding (MOU) is made and entered into by and between the City of Royal Oak, MI (Royal Oak) and Smart Growth America (SGA) in order to complete the technical assistance workshop funded by a grant the EPA Building Blocks for Sustainable Communities (hereafter known as “the Workshop”).

Royal Oak and SGA agree to work together in a collaborative spirit and negotiate in good faith on all tasks and deliverables required for the Workshop, including those identified in the attached Workshop description and any required subsequent to completion of the Workshop.

Goals and Objectives

The parties to this MOU agree that the objective of the Workshop is to aid Royal Oak through technical assistance related to the development and implementation of plans to implement smart growth strategies at the local or regional level.

Dedication of Resources

SGA, through its grant from the US Environmental Protection Agency (EPA), shall cover all direct monetary costs of the work to be performed on the Workshop as described by the attached Workshop Description, including staff work by SGA and the costs of any consultants retained for the Workshop. Royal Oak shall not be required to provide any direct financial support for consultants or staff retained by SGA.

Royal Oak shall make its staff resources available as necessary, subject to availability, to assist SGA in completing the Workshop. Royal Oak shall assure that adequate staff resources are dedicated to the Workshop to assure that it is completed with high quality and in a timely manner according to the timelines set forth by the parties.

Royal Oak shall make suitable meeting facilities available to SGA for conducting the Workshop, will provide any advertising related to the Workshop, and will provide light refreshments at the Workshop.

Roles and Responsibilities

Smart Growth America

SGA shall serve as the Project’s fiscal agent and shall be responsible for signing all contracts and handling all billing.

SGA shall be responsible for timely completion of all deliverables identified in Workshop description and any mutually agreed modifications to the Workshop description.

Attachment 2

SGA shall make every effort to complete tasks and deliverables within the agreed upon timelines identified by the parties and shall work with the Royal Oak to extend timelines if tasks and deliverables cannot be completed per the agreed upon schedule.

Within thirty days of the Workshop's conclusion, SGA shall provide Royal Oak with a next steps memorandum recommending strategies for implementation of smart growth initiatives identified during the Workshop.

The City of Royal Oak, MI

Royal Oak shall lead the identification of stakeholders and the nature and timing of their engagement in the Workshop with input from SGA.

Staff from Royal Oak shall be made available as necessary, subject to availability, to provide SGA necessary support, including research, to advance the Workshop and complete tasks and deliverables.

Royal Oak will reserve meeting space and audio-visual equipment for the workshop.

If Royal Oak determines that advertising or other notice of the Workshop is appropriate, Royal Oak will develop and distribute such advertising or other notice. Royal Oak will consult with SGA on the substance of the advertising or other notice.

If Royal Oak determines that light refreshments (coffee, juice, snacks, etc.) are appropriate for the Workshop, Royal Oak will provide the refreshments at no cost to SGA.

Royal Oak shall provide SGA with progress reports in memorandum format describing the implementation of any strategies or programs arising from the technical assistance. Progress reports shall be provided, at a minimum, immediately after receiving SGA's next steps memorandum, six months after the Workshop, and twelve months after the Workshop.

This MOU may be modified by mutual agreement of the parties. This agreement may be terminated only by mutual agreement of the parties, or if grant funding is withdrawn by the EPA, in which case SGA and the Royal Oak shall make all reasonable efforts to find alternate funding sources and, failing that, complete the Workshop to the extent possible using available resources.

**Public Hearing of Necessity
Standard Resolutions 3 and 4
Special Assessment Paving of North Lafayette Avenue**

January 1, 2016

The Honorable Mayor Ellison and
Members of the City Commission:

A petition was received to pave N. Lafayette Avenue from W. Derby Avenue to the north lot line of lot 189. The petition signatures in favor of the paving represent 45.45% of the assessable benefit units as addressed in commission letters for [standard resolution 1](#) and [standard resolution 2](#). The lots and parcels of land as the property to comprise the special assessment district upon which the special assessments shall be levied are shown in Attachment 1.

The public hearing of necessity on this project is scheduled for this evening's January 11, 2016 city commission meeting. After holding the public hearing of necessity, should the city commission determine the project is necessary, standard resolution 3 should be adopted to advance the project. In addition, standard resolution 4 should be approved setting the date for the public hearing of assessment for the adoption of the project special assessment roll.

The funding source for this project will be local road fund and special assessment district.

Should the city commission wish to proceed with this special assessment paving, special assessment standard resolutions 3 and 4 below are recommended for adoption.

Respectfully submitted,
Matthew J. Callahan, P.E.
City Engineer

Approved,

Donald E. Johnson
City Manager

Special Assessment Standard Resolution 3

City of Royal Oak - County of Oakland

At a regular meeting of the Royal Oak City Commission, held on January 11, 2016 at 7:30 o'clock p.m., Eastern Time.

Present: Commissioners _____

Absent: Commissioners _____

The following preamble and resolution were offered by Commissioner _____ and supported by Commissioner _____.

Whereas, the city commission, after due and legal notice, has met and heard all interested persons to be affected by the proposed public improvements hereinafter described; and

Whereas, the city commission deems it advisable and necessary to proceed with said public improvements:

27-foot wide, 6-inch thick concrete pavement including integral curb and gutter of N. Lafayette Avenue from W. Derby Avenue to the north lot line of Lot 189

Now, therefore be it resolved that:

1. The city commission hereby determines to make the public improvements described above and to defray the cost by special assessment upon the property specially benefited in proportion to the benefits to be derived.
2. The city assessor is directed to prepare and finalize the profiles, plans, and specifications for the public improvements.
3. The city commission tentatively determines that of said total estimated cost the sum of \$50,000 be paid by special assessment upon the properties specially benefited, as more particularly hereinafter described, and that the sum \$57,620 shall be the obligation of the city by reason of general benefit to the city.
4. The city commission hereby designates the following lots and parcels of land as the property to comprise the special assessment district upon which the special assessments shall be levied:

25-16-276-019	25-16-276-023	25-16-276-027
25-16-276-020	25-16-276-024	25-16-276-028
25-16-276-021	25-16-276-025	25-16-276-040
25-16-276-022	25-16-276-026	

5. When the assessor shall have completed the special assessment roll, he shall report the same to the commission and the same shall be filed with the city clerk, such report shall be signed by the assessor and may be in the form of a certificate as provided for in chapter twelve, section seven of the charter of the City of Royal Oak, Michigan, indicating that he has conformed in all things to the directions contained in this resolution and the charter of the City of Royal Oak Michigan relating to such assessment.
6. All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution be and the same hereby are rescinded.

City Clerk

I hereby certify that the foregoing constitutes a true and complete copy of a resolution duly adopted by the Royal Oak City Commission, at a regular meeting held on January 11, 2016, and that public notice of said meeting was given pursuant to and in full conformity with Act No. 267, public Acts of Michigan, 1976 as amended.

City Clerk

Special Assessment Standard Resolution 4

City of Royal Oak - County of Oakland

Special Assessment District No. _____

At a regular meeting of the Royal Oak City Commission, held on January 11, 2016 at 7:30 o'clock p.m., Eastern Time.

Present: Commissioners _____

Absent: Commissioners _____

The following preamble and resolution were offered by Commissioner _____ and supported by Commissioner _____.

Whereas, the assessor has prepared a special assessment roll for the purpose of specifically assessing that portion of the costs of the public improvement more particularly hereinafter described to the properties specially benefited by said public improvement, and the same has been presented to the city commission by the city clerk.

Now, therefore be it resolved:

1. Said Special Assessment Roll No. _____ is hereby accepted and shall be filed in the office of the city clerk for public examination.
2. The city commission shall meet at the city hall, at 7:30 o'clock, p.m., Eastern Time on February 8, 2016 for the purpose of hearing all persons interested in said special assessment roll and reviewing the same, and at said meeting all interested persons shall be afforded an opportunity to be heard.
3. The city clerk is directed to publish the notice of said hearing once in the Royal Oak Review, Warren, Michigan, a newspaper of general circulation in the City of Royal Oak, said publication to be not less than five (5) full days prior to the date of said hearing and shall further cause notice of said hearing to be sent by first class mail to each owner of or person in interest in property to be assessed as shown by the last general tax assessment roll of the city, at least ten (10) full days before the time of said hearing, and said notice to be mailed to the addresses shown on said general tax rolls of the city.
4. The notice of said hearing to be published and mailed shall be in substantially the following form:

Notice of Hearing to Review
Special Assessment Roll
City of Royal Oak
County of Oakland, Michigan

To the owners of all property within the following described special assessment district:

Take notice, that a special assessment roll has been prepared for the purpose of defraying the special assessment district's share of the cost of the following described public improvement:

27-foot wide, 6-inch thick concrete pavement including integral curb and gutter of N. Lafayette Avenue from W. Derby Avenue to the north lot line of Lot 189

The special assessment district is comprised of the following described property:
Tax parcels identified as:

25-16-276-019	25-16-276-023	25-16-276-027
25-16-276-020	25-16-276-024	25-16-276-028
25-16-276-021	25-16-276-025	25-16-276-040
25-16-276-022	25-16-276-026	

The said special assessment roll is on file for public examination with the city clerk and any objections to said special assessment roll may be made in writing prior to the close of the hearing to review said special assessment roll.

Take further notice that the city commission and the assessor will meet at the City Hall, 211 Williams Street, at 7:30 o'clock, p.m., Eastern Time on February 8, 2016, for the purpose of reviewing said special assessment roll and hearing any objections thereto.

Melanie Halas, City Clerk

5. All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution be and the same hereby are rescinded.

Ayes: Commissioners _____

Nays: Commissioners _____

Resolution declared adopted.

Melanie Halas, City Clerk

I hereby certify that the foregoing constitutes a true and complete copy of a resolution duly adopted to the for the Royal Oak City Commission, at a regular meeting held on January 11, 2016, and that public notice of said meeting was given pursuant to and in full conformity with Act No. 267, public Acts of Michigan as amended.

November 19, 2015

The Honorable Mayor Ellison and
Members of the City Commission:

At the regular meeting of the city commission held November 9, 2015, the city engineer presented a petition to pave **N. Lafayette Avenue (from W. Derby Avenue to the north lot line of Lot 189)** with 27-foot wide, 6-inch thick concrete pavement with integral curb and gutter. Your honorable body referred the petition to the assessor for the purpose of preparing the necessary special assessment district. I have determined the district to be as follows:

27-foot wide, 6-inch thick concrete paving with integral curb and gutter

N. Lafayette Avenue

(from W. Derby Avenue to the north lot line of lot 189)

Total resident portion	\$50,000.00
Total city portion	\$50,000.00
City at large portion	\$7,620.00

The city commission may now initiate the necessary proceedings toward the adoption of standard resolution 2.

**Public Hearing of Necessity
Standard Resolutions 3 and 4
Special Assessment Paving of Orchard Grove Drive**

January 1, 2016

The Honorable Mayor Ellison and
Members of the City Commission:

A petition was received to pave Orchard Grove Drive from Hilldale Drive to the CN Railroad. The petition signatures in favor of the paving represent 59.4% of the assessable frontage as addressed in commission letters for [standard resolution 1](#) and [standard resolution 2](#). The lots and parcels of land as the property to comprise the special assessment district upon which the special assessments shall be levied are shown in Attachment 1.

The public hearing of necessity on this project is scheduled for this evening's January 11, 2016 city commission meeting. After holding the public hearing of necessity, should the city commission determine the project is necessary, standard resolution 3 should be adopted to advance the project. In addition, standard resolution 4 should be approved setting the date for the public hearing of assessment for the adoption of the project special assessment roll.

The funding source for this project will be local road fund and special assessment district.

Should the city commission wish to proceed with this special assessment paving, special assessment standard resolutions 3 and 4 below are recommended for adoption.

Respectfully submitted,
Matthew J. Callahan, P.E.
City Engineer

Approved,

Donald E. Johnson
City Manager

Request to Authorize Refunding of George W. Kuhn Drain Bonds Series 2007

December 23, 2015

The Honorable Mayor Ellison and
Members of the City Commission:

The Oakland County Water Resources Commission is requesting authorization to refund the George W. Kuhn Drain series 2007 refunding bonds. City of Royal Oak authorization is required because the city is responsible for nearly a 29% of the debt service on these bonds.

In August 2007, the Oakland County Water Resources Commission issued bonds refunding series 2000B and series 2001E bonds. The condition in the bond market has improved from the conditions which prevailed at the time of the series 2007 issuance and the prior bonds could be refunded at a savings to the city.

The Oakland County Water Resources Commission is working with Municipal Financial Consultants Incorporated (MFCI) and Paul Wyzgoski from Dickinson Wright to refund the bonds. The series 2016 bond principal will be \$7,725,000 and will mature in 2024. The current series 2007 bonds mature in 2024 and bear interest rates between 4.25% and 4.375%. It is estimated that the series 2016 refunding bonds will bear an average interest rate of approximately 2.2%. By refunding these bonds at this time, a net present value savings of \$158,000 or 6.5% is anticipated for the city (Attachment 1).

Provided is a resolution authorizing the imposition of special assessments against the city; the finance director to provide continuing disclosure; and the refunding of the George W. Kuhn Drain Bonds series 2007 (Attachment 2).

It is recommended that the city commission adopt the resolution. **A roll call vote is required.**

Respectfully submitted,
Julie Rudd
Finance Director

Approved,

Donald E. Johnson
City Manager

City Of Royal Oak

At a regular meeting of the city commission of the City of Royal Oak, Michigan, held on the _____ day of _____, 201__.

PRESENT:

ABSENT:

The following preambles and resolution were offered by _____ and seconded by _____:

Resolution To Authorize Refunding

Whereas, pursuant to the provisions of Act No. 34, Public Acts of Michigan, 2001, as amended, the George W. Kuhn Drainage District issued its Drain Refunding Bonds, Series 2007, dated August 1, 2007, in the original principal amount of \$12,460,000 (the "Prior Bonds"), to refund its Drain Bonds, Series 2000B, dated October 1, 2000, maturing in the years 2010 through 2022, and Drain Bonds, Series 2001E, dated January 1, 2002, maturing in the years 2013 through 2024, in anticipation of the collection of the several installments against the City of Royal Oak (the "city"), the County of Oakland (the "county") and other units of local government on applicable special assessment rolls for the George W. Kuhn Drain; and

Whereas, the city has been advised that conditions in the bond market have now improved from the conditions which prevailed at the time the prior bonds were sold and that the prior bonds could be refunded at a considerable savings to the city; and

Whereas, it is the determination and judgment of this city commission that the prior bonds should be refunded to secure for the city the anticipated savings.

Now, therefore be it resolved, by the City Commission of The City of Royal Oak, Michigan, as follows:

1. The George W. Kuhn Drainage District is requested and authorized to issue its refunding bonds (the "Refunding Bonds") pursuant to the provisions of Act No. 34 in an amount necessary to refund all or part of the prior bonds (as shall be determined by the Drainage Board) and paying the costs of issuing the refunding bonds.

Attachment 2

2. The proceeds of the refunding bonds shall be sufficient to pay the costs of issuing the refunding bonds and to establish an escrow fund in an amount which will be sufficient to pay the principal of and redemption premiums and interest on the prior bonds that are refunded without further payment by the city or the county.
3. The city agrees and consents to the imposition of special assessments against the city on a refunding bonds special assessment roll for the payment of the refunding bonds.
4. The mayor, city manager and director of finance are each authorized, if necessary, to file an application for State Treasurer's approval to issue long-term securities with respect to the refunding bonds.
5. The director of finance is authorized to approve the circulation of a preliminary and final official statement for the refunding bonds, and to cause the preparation of those portions of the preliminary and final official statement for compliance with Rule 15c2-12 issued under the Securities Exchange Act of 1934, as amended (the "Rule"). The director of finance is authorized to execute and deliver such certificates and to do all other things necessary to effectuate the sale and delivery of the refunding bonds.
6. The director of finance is authorized to execute and deliver in the name and on behalf of the city a continuing disclosure certificate to comply with the requirements for a continuing disclosure undertaking by the city pursuant to paragraph (b)(5) of the rule, and amendments to such certificate from time to time in accordance with the terms of such certificate (the certificate and any amendments thereto are collectively referred to herein as the "Continuing Disclosure Certificate"). The city hereby covenants and agrees that it will comply with and carry out all the provisions of the continuing disclosure certificate.

A roll call vote was taken as follows:

Abstaining:

The resolution was declared adopted.

**Approval of November 2015
Traffic Committee Resolutions**

December 28, 2015

The Honorable Mayor Ellison and
Members of the City Commission:

The Royal Oak Citizens Traffic Committee meeting was called to order at 7:00 p.m., in room 315 of the Royal Oak City Hall on Tuesday, December 1, 2015, by Chairperson Dan Godek. The minutes of this meeting are included (Attachment 1) with backup information for the minutes (Attachment 2).

If the city commission is in agreement with the traffic committee recommendations, the following resolution is offered to make the regulatory signing changes permanent traffic control orders in accordance with the "Uniform Traffic Code for Cities, Townships, and Villages" adopted by the commission on September 22, 2003:

Be it resolved, the commission approves replacing the current on street parking prohibition signs on the north side of Austin Avenue between Washington and Marywood with new signs that state "No Stopping Standing or Parking, 7am-5pm, School days". (Item 5A); and

Be it further resolved, the commission approves installing "No U turn" signs on the south side of Austin, and "Student drop off/pick up prohibited" sign to the north side of Austin; and requests additional police enforcement during school drop-off and pick-up times (Item 5B); and

Be it further resolved, the commission approves installing a stop sign for eastbound traffic exiting the school administration parking lot at 800 DeVillen. (Item 5C); and

Be it further resolved, the commission approves installing no parking signs on the south side of Nakota between the driveway of the Pine Corner condominium development and Crooks Road. (Item 5D); and

Be it finally resolved, the commission denies of request to install a "No turn on red" for east bound Normandy Road at Main Street (Item 5E).

Respectfully submitted,
Matthew J. Callahan, P.E.
City Engineer

Approved,

Donald E. Johnson
City Manager

Citizens Traffic Committee Meeting Minutes December 2, 2015

A regular meeting of the Royal Oak Citizens Traffic Committee was held on Tuesday, December 1, 2015, in the city hall, 211 Williams, Royal Oak. The meeting was called to order by Chairperson Dan Godek at 7:00 p.m.

Chairperson Dan Godek recited the Traffic Committee preamble:

"The Traffic Committee consists of property owners of Royal Oak appointed by the City Commission. We are volunteers and are not paid or elected. What we decide tonight is merely a recommendation to the City Commission. If you do not agree with the findings or decisions of this committee, you may go before the City Commission and petition and/or discuss your issue with them. At this meeting you will be given an opportunity to speak during your item on the agenda. However, at the City Commission meeting, you must be recognized during "public comment" on their agenda, not when the Traffic Committee resolutions are being voted upon. Otherwise you will not be able to voice your concerns.

It is important to understand that professionals make preliminary recommendations to the Traffic Committee. They consist of civil and traffic engineers, outside consultants and public safety officials. You may have been informed that these professionals have denied your request or petition. This denial does not mean that this committee will vote that way; however, we are committed to discussing the issues at hand in a pragmatic and sensible manner. Our ultimate recommendation to the City Commission will be one that benefits our citizens and community as a whole."

1. Roll Call:

Present

Dan Godek, Chairperson
Richard Karlowski
Randy White
Rob Moore
Alex Rucinski
Bradley Surman
Amanda Morris Smith (alternate)

Absent

Lieutenant Bill Sawyer, Public Safety

Also Present: Matthew J. Callahan P.E., City Engineer

2. Approval of Traffic Committee meeting Minutes of September 22, 2015

Moved by Robert Moore
Seconded by Amanda Morris Smith

Adopted Unanimously

3. Public Comment - Items Not On The Agenda

Mr. Steven Munson, 409 Fairgrove spoke disparagingly about our code enforcement and police. His concerns included a recent incident where he was cited by code enforcement and in general about alleged police trespassing and corruption such as planting drugs/evidence in his car. He went on to describe the general decline of the city, for being aggressive and intrusive. He also complained that parking fees and fines are excessive. He also stated that the city will soon crash and burn.

4. Rescheduled Items

5. Business Items

5.A. Request to remove “No Stopping Standing or Parking” signs along the north side of Austin between Marywood and Washington and replace them with “No Parking, school days 7:00am-7:00pm” signs.

A petition was received from Jessica Valovick, 404 Austin recommending removing the “No Stopping Standing or Parking” signs along the north side of Austin between Marywood and Washington and replace them with “No Parking, school days 7:00am-7:00pm” signs.

The findings of the Staff Traffic Committee were presented by City Engineer, Matthew J. Callahan, P.E.

Mr. Godek opened the floor to those interested in speaking on this issue.

- Jessica Valovick, 404 Austin came forward and spoke stating that she was in agreement with the recommendations. She also mentioned that the school had done little to address this issue and the detriment to the neighborhood.
- Chris Forrest, 412 Austin came forward and spoke stating that he has lived there over 20 years. He mentioned that there has been a big change since the school and changed from a high school and the elimination of bussing in 2008. Chris also stated that because of the use of the street for student drop off there is more congestion and he feels it is unsafe for the student to dart across the street. Also he stated that he see no enforcement on school days when it’s needed, yet residents regularly get tickets on the weekends which is unfair. He would like to see more enforcement during school hours.
- Cory Fields, 422 Austin came forward and spoke stating that he just bought his house eight months ago and did not realize the school traffic was such a problem. He is looking to find a compromise with the signs so residents could park on the street on weekends.
- Shawn Louis-Lakin, School Superintendent, 2221 Maplewood came forward and spoke stating he accepts the recommendation but feels that there needs to be more police enforcement for the existing signs. He stated that the school district

is committed to safety and following the rules (signage), and communication with the parents is key.

The Citizens Traffic Committee recommends denial of the request as written however recommends replacing the current on street parking prohibition signs on the north side of Austin Avenue between Washington and Marywood with new signs that state “No Stopping Standing or Parking, 7am-5pm, School days”.

Moved By: Randy White
Supported By: Rick Karlowski

Adopted Unanimously

5.B. Request to install “No Student Drop-off” signs on both sides of Austin between Marywood and Washington.

A petition was received from Jessica Valovick, 404 Austin recommending a review to install “No Student Drop-off” signs on both sides of Austin between Marywood and Washington.

The findings of the Staff Traffic Committee were presented by City Engineer, Matthew J. Callahan, P.E.

Mr. Godek opened the floor to those interested in speaking on this issue.

Jessica Valovick, 404 Austin came forward and spoke stating that new signs would be an improvement but believes that more police enforcement could solve the problem.

Corey Fields, 422 Austin came forward and spoke stating that he did not feel that putting up “No U turn” signs would not help without police enforcement.

Shawn Louis-Lakin, School Superintendent, 2221 Maplewood came forward and spoke stating he accepts the recommendation.

The Citizens Traffic Committee recommends denial of request as written, however recommends adding “No U turn” signs on the south side of Austin. Also add “Student drop off/pick up prohibited” sign to the north side of Austin; and recommend additional police enforcement during school drop-off and pick-up times.

Moved By: Alex Rucinski
Supported By: Richard Karlowski

Adopted Unanimously

5.C. Request to review drive exit from 800 DeVillen onto DeVillen/Alexander.

A request was received from Tim Pagel, 2933 N Wilson recommending a review of the drive exit from 800 DeVillen for a stop sign.

The findings of the Staff Traffic Committee were presented by City Engineer, Matthew J. Callahan, P.E.

Mr. Godek opened the floor to those interested in speaking on this issue. No one came forward to speak on this issue.

The Citizens Traffic Committee recommends installing a stop sign for eastbound traffic exiting the school administration parking lot at 800 DeVillen.

Moved By: Rob Moore

Supported By: Rick Karlowski

Adopted Unanimously

5.D. Request to eliminate parking on the south side of Nakota and place two (2) spaces on the north side of Nakota at Crooks.

A request was received from Thomas Humphrey, 4381 Crooks representing Pine Corner Condominiums recommending eliminating parking on the south side of Nakota and place two (2) spaces on the north side of Nakota at Crooks.

The findings of the Staff Traffic Committee were presented by City Engineer, Matthew J. Callahan, P.E.

Mr. Godek opened the floor to those interested in speaking on this issue. No one came forward to speak on this issue.

The Citizens Traffic Committee recommends installing no parking signs on the south side of Nakota between the driveway of the Pine Corner condominium development and Crooks, however does not recommend changing the parking limits of the north side of Nakota to add additional spaces.

Moved By: Rick Karlowski

Supported By: Rob Moore

Adopted Unanimously

5.E. Request to install "No Turn on Red" sign at the SWC of Main Street and Normandy.

A request was received from Danny Torressan, 103 Normandy recommending installing a "No Turn on Red" sign at the southwest corner of Main Street and Normandy.

Attachment 1

Citizens Traffic Committee
December 1, 2015 Meeting Minutes

December 2, 2015
Page 5 of 5

The findings of the Staff Traffic Committee were presented by City Engineer, Matthew J. Callahan, P.E.

Mr. Godek opened the floor to those interested in speaking on this issue.

Danny Torressan, 103 Normandy came forward and spoke stating because of the location of the stop bar people are required to go around cars. The stop bar is 8' from the cross walk, the cross walk is 6' wide and is 8' from the edge of the intersection. He has witnessed cars pulling forward to turn right resulting in blocking the crosswalk.

The Citizens Traffic Committee recommends denial of request to install a “No Turn on Red” sign for EB Normandy at Main Street; and further requests that staff review the placement of the stop bar location on EB Normandy approaching Main Street with regards to the distance from the crosswalk and signal.

Moved By: Rob Moore
Supported By: Bradley Surman

Adopted Unanimously

Adjourn

Upon motion of Rob Moore, seconded by Bradley Surman, and adopted unanimously, the regular meeting was adjourned at 8:50 p.m.

**Traffic Committee Meeting
Agenda Explanation
December 1, 2015 7:00 P.M.**

1. Roll Call

Preamble

"The Traffic Committee consists of Royal Oak property owners appointed by the City Commission. We are volunteers and are not paid or elected. What we decide tonight is merely a recommendation to the City Commission. If you do not agree with the findings or decisions of this committee, you may go before the City Commission and petition and/or discuss your issue with them. At this meeting you will be given an opportunity to speak during your item on the agenda. However, at the City Commission meeting, you must be recognized during "public comment" on their agenda, not when the Traffic Committee resolutions are being voted upon. Otherwise you will not be able to voice your concerns.

It is important to understand that professionals make preliminary recommendations to the Traffic Committee. They consist of civil and traffic engineers, outside consultants and public safety officials. You may have been informed that these professionals have denied your request or petition. This denial does not mean that this committee will vote that way; however, we are committed to discussing the issues at hand in a pragmatic and sensible manner. Our ultimate recommendation to the City Commission will be one that benefits our citizens and community as a whole."

2. Minutes – September 22, 2015

3. Public Comment – Items not on the agenda

4. Rescheduled Items - None

5. Business Items

5.A. Request to remove "No Stopping Standing or Parking" signs along the north side of Austin between Marywood and Washington and replace them with "No Parking, school days 7:00am-7:00pm" signs.

A petition was received from Jessica Valovick, 404 Austin recommending removing the "No Stopping Standing or Parking" signs along the north side of Austin between Marywood and Washington and replace them with "No Parking, school days 7:00am-7:00pm" signs.

The Staff Traffic Committee has reviewed this request and determined that:

1. Austin Avenue is a 31' wide composite road with concrete curb and gutter.

2. Austin Avenue is classified as a local street.
3. The south side of Austin Avenue is signed "Fire Lane" which allows standing vehicles (a vehicle running with a driver at the wheel). This is a designated school drop-off and pick up zone.
4. The north side of Austin is signed "No stopping, standing or parking" which prohibits standing vehicles and parked vehicles. This prohibition negatively affects the residents along this stretch.
5. The property owners have signed a petition 100% in favor of allowing parking on the north side especially overnight and on non-school days.
6. The property owners do not believe that permit parking would fit their desire for making on street parking available.
7. Engineering has reviewed this area on several occasions and determined that the street is normally open and unencumbered during non-school times.
8. The petitioner's request for "no parking" signs would inadvertently allow standing vehicles and open the north side of the road up to student drop-off and pick-up which is unsafe. Staff has formulated a resolution that allows parking in the evenings and during non-school times but still prohibits student drop-off and pick-up

Suggested Recommendation:

To recommend denial of the request as written and approve the revised staff proposal:
To approve adding "7am-7pm School Days" signs below the existing No Stopping Standing or Parking" signs. (Estimated City Cost: \$450)

Moved By: Doug Hedges

Supported By: Greg Rassel

5.B. Request to install "No Student Drop-off" signs on both sides of Austin between Marywood and Washington.

A petition was received from Jessica Valovick, 404 Austin recommending a review to install "No Student Drop-off" signs on both sides of Austin between Marywood and Washington.

The Staff Traffic Committee has reviewed this request and determined that:

1. Austin Avenue is a 31' wide composite road with concrete curb and gutter.
2. Austin Avenue is classified as a local street.
3. The south side of Austin Avenue is signed "Fire Lane" which allows standing vehicles (a vehicle running with a driver at the wheel). This is a designated school drop-off and pick up zone. This area also serves for occasional special needs busses that do not arrive at peak times which are 7:30 to 7:50 am and 2:45 to 3:30 pm..
4. The north side of Austin is signed "No stopping, standing or parking" which prohibits standing vehicles and parked vehicles. The property owners and city have witnessed regular violations of this signage. Random police enforcement and annual school notifications do not deter parents from violating these clearly marked parking restrictions. In the mornings, parents are making U-turns on Austin and dropping students off in driveways on the north side of the road. This and the heavy traffic prevent homeowners from accessing their drives or the street and have caused confrontations with parents. In the afternoon, parents regularly pick up children on the north side of Austin, blocking driveways and forcing children to dart between parked cars on the south side and cross moving traffic in the road which is reduced to one lane wide.
5. The property owners have signed a petition 100% in favor of prohibiting student drop off on the south side of Austin which will be detrimental to the school.

Attachment 2

6. Engineering has reviewed this area on several occasions and verified the claims of the residents that the student drop-off and pick-up on Austin is problematic and unsafe.
7. This issue has been occurring since the school eliminated bussing forcing parents to drive students to the school. The mindset is to get children as close to the school as possible. Other further drop-off areas are underused. This has been discussed with the schools administrators on numerous occasions who agree that parents regularly disobey the signage but concede that Austin drop-off areas are needed due to the north school entrance.
8. This issue has also been the subject of several traffic committee reviews since 2008.

Suggested Recommendation:

Staff recommends denial of the request as written, however recommends the following:

- a. Install no U-turn signs on Austin for east bound traffic, (estimated city cost \$400) and
- b. Install signs along the north side of Austin add "\$50 Fine" to the bottom of the no stopping standing" signs and install "Student Drop-Off/Pick-Up Prohibited" signs on the same posts, (estimated city cost \$300).

Moved By: Greg Rassel
Supported By: Doug Hedges

5.C. Request to review drive exit from 800 DeVillen onto DeVillen/Alexander.

A request was received from Tim Pagel, 2933 N Wilson recommending a review of the drive exit from 800 DeVillen for a stop sign.

The Staff Traffic Committee has reviewed this request and determined that:

1. DeVillen is a 27' wide composite road with curb and gutter.
2. N. Alexander Avenue is 21' wide concrete roads with curb and gutter.
3. N. Alexander and DeVillen Avenues are classified as local streets.
4. DeVillen Avenue is an east-west street that tees into N. Alexander from the east. This intersection has a stop sign for west bound DeVillen and for south bound Alexander.
5. There were no accidents reported at this location for the years 2010-2013 (3 year accident report) that involved movements of vehicles. Two accidents occurred in the vicinity between moving and parked cars.
6. The school reconstructed their parking lot to have one approach which connects to this intersection at an angle from the south west. This approach to the roadway is approximately 30' wide and has no stop sign which would indicate that east bound traffic coming from the parking lot can proceed without stopping or yielding to road traffic.
7. While there is currently no stop or yield sign from the school parking lot for the EB traffic, it is unusual to have an unrestricted movement at an unusually shaped intersection for at least the Tee direction. It is appropriate to have Stop signs when approaching an "ell" intersection to be consistent with other locations within the City.

Suggested Recommendation:

Staff recommends installing a stop sign for east bound traffic exiting the school parking lot, (estimated city cost \$150).

Moved By: Greg Rassel
Supported By: Doug Hedges

5.D. Request to eliminate parking on the south side of Nakota and place two (2) spaces on the north side of Nakota at Crooks.

A request was received from Thomas Humphrey, 4381 Crooks representing Pine Corner Condominiums recommending eliminating parking on the south side of Nakota and place two (2) spaces on the north side of Nakota at Crooks.

The Staff Traffic Committee has reviewed this request and determined that:

1. Nakota Avenue is a 27' wide composite road with concrete curb and gutter.
2. Nakota Avenue is classified as a local street.
3. There were no accidents reported at this location for the years 2011-2014 (3 year accident report) that involved movements of vehicles.
4. Parking is allowed on both the north and south sides of Nakota between Massoit and Crooks during the hours of 6 am to 2 am.
5. Three (3) on-street parking spaces are located east of the exit drive for the condominium driveway and Crooks Road.
6. Engineering has reviewed this area on several occasions and verified the claims of the residents that vehicles, notably vans, are parked in the spaces between the condominium driveway and Crooks Road.
7. Pine corner condominiums (eight units) have only one driveway that enters/exits from Nakota Avenue approximately 110 feet west of Crooks Rd.
8. Staff has verified that the site distance issue raised by the condominium owners to be valid when vehicles are parked east of their exit drive and problematic for viewing oncoming westbound traffic.

Suggested Recommendation:

To approve the request to prohibit parking east of the driveway of the Pine Corner condominium development at the southeast corner of Crooks and Nakota, and to deny the request to change parking limits of the north side of Nakota, (estimated city cost \$300).

Moved By: Doug Hedges

Supported By: Greg Rassel

5.E. Request to install "No Turn on Red" sign at the SWC of Main Street and Normandy.

A request was received from Danny Torressan, 103 Normandy recommending installing a "No Turn on Red" sign at the southwest corner of Main Street and Normandy.

The Staff Traffic Committee has reviewed this request and determined that:

1. Normandy Avenue is a 27' wide composite road with concrete curb and gutter.
2. N. Main Street is a 41' wide composite road with concrete curb and gutter.
3. Both Normandy and Main streets are classified as major streets.
4. There were no accidents reported at this location for the years 2011-2014 (3 year accident report) that involved movements of vehicles.
5. Parking is prohibited on Main Street, and on Normandy in the area of the intersection.

Attachment 2

6. After discussing the issue with Mr. Torressan, he is most concerned with Normandy right turns not yielding to pedestrians crossing Main Street.
7. Engineering has reviewed this area on several occasions and could not verify vehicles that did not stop properly at the stop bar on Normandy or did not yield to pedestrians crossing Main Street. Few pedestrians were observed crossing Main Street and numerous occasions were available for vehicles to make a right turn on red during gaps in north-south traffic and without impacting pedestrians.
8. TIA does not recommend installing NRTOR signs for Normandy as there are no warrants (accidents) that would support this restriction.
9. TIA recommends adding pedestrian crossing signs at heavily used crosswalks at signalized intersections for emphasis which is consistent with past practices. Royal Oak has previously done this near several schools.

Suggested Recommendation:

- a. Staff recommends denial of the request as written (No Right Turn on Red prohibiting right turns onto Main Street from eastbound Normandy).

Moved By: Greg Rassel
Supported By: Doug Hedges

Citizens Traffic Committee Meeting Minutes September 23, 2015

A regular meeting of the Royal Oak Citizens Traffic Committee was held on Tuesday, September 22, 2015, in the city hall, 211 Williams, Royal Oak. The meeting was called to order by Chairperson Dan Godek at 7:00 p.m.

Chairperson Dan Godek recited the Traffic Committee preamble:

"The Traffic Committee consists of property owners of Royal Oak appointed by the City Commission. We are volunteers and are not paid or elected. What we decide tonight is merely a recommendation to the City Commission. If you do not agree with the findings or decisions of this committee, you may go before the City Commission and petition and/or discuss your issue with them. At this meeting you will be given an opportunity to speak during your item on the agenda. However, at the City Commission meeting, you must be recognized during "public comment" on their agenda, not when the Traffic Committee resolutions are being voted upon. Otherwise you will not be able to voice your concerns.

It is important to understand that professionals make preliminary recommendations to the Traffic Committee. They consist of civil and traffic engineers, outside consultants and public safety officials. You may have been informed that these professionals have denied your request or petition. This denial does not mean that this committee will vote that way; however, we are committed to discussing the issues at hand in a pragmatic and sensible manner. Our ultimate recommendation to the City Commission will be one that benefits our citizens and community as a whole."

1. Roll Call:

Present

Dan Godek, Chairperson
Richard Karlowski
Randy White
Rob Moore
Alex Rucinski
Amanda Morris Smith (alternate)

Absent

Bradley Surman
Lieutenant Bill Sawyer, Public Safety

Also Present: Matthew J. Callahan P.E., City Engineer

2. Approval of Traffic Committee meeting Minutes of July 28, 2015

Moved by Robert Moore
Seconded by Richard Karlowski

Adopted Unanimously

3. Items Not On The Agenda

4. Rescheduled Items

Attachment 2

4.A. Irving and Knowles Truck Routes

As outlined in city commission letter [251-0811-2014](#), a petition was received from the Rasor Law Firm representing V&M Corporation who is the owner of 414 E Hudson where Royal Oak Recycling (ROR, formerly Waste Paper and Metal) is operated by an outside firm, Rizzo Environmental Services.

The findings of the Staff Traffic Committee were presented by City Engineer, Matthew J. Callahan, P.E.

Mr. Godek opened the floor to those interested in speaking on this issue.

Jim Rasor, 201 E Fourth Street came forward and stated the following:

- a. He was pleased to see this issue brought back for discussion. His clients are still in favor of the initial proposal for the Knowles truck route and abandoning the Irving truck route.
- b. He indicated that the location of traffic signals on Main Street were part of the original request and still a point that needs addressing. The majority of ROR truck traffic uses Hudson and while entering Hudson is not problematic, exiting on to Main St. can be difficult. He indicated that he had heard that the signal at Harrison was being eliminated and possibly moved to Hudson which would help out the current situation.
- c. Mr. Rasor also wanted to be assured that truck traffic could still access the drives to ROR facility just south of Harrison.

Alex Shnaider, 1011 Knowles came forward and stated the following:

- a. Property uses have changed dramatically along the Irving truck route to more residential in nature;
- b. Trucks still disregard the signs on Knowles and go north on Knowles, north on Hudson to Lincoln;
- d. Mr. Schnaider was concerned that because the ROR recycling gates are east of the railroad, if the crossing gates get stuck in the down position, the truck traffic will be trapped east of the tracks; the Irving truck route currently functions as a means to exit this area via an approved route. Otherwise, they may use Harrison-Irving as well as Knowles to exit the area on through truck prohibited streets.

The chairman asked the city engineer to address Mr. Rasor's questions and concerns. Mr. Callahan stated that the city has no plans to remove or relocate the traffic signal at Harrison and Main. Recent accident study has been preliminary completed due to the federally funded 2016 Main Street resurfacing project. For the past three years there were more accidents at or near the Harrison intersection and very few accidents were at Hudson. There is also more traffic on Harrison than on Hudson, therefore the minimum traffic warrants would not be met for accidents or for traffic volumes. Additionally the truck volume warrant would likely not be met based on the recent counts indicating there is no warrant for a signal at Hudson. A new signal would cost over \$150K.

Mr. Callahan also indicated that truck prohibition signs would be installed at Mohawk/I-696 and at Knowles and Harrison to decommission the Irving truck route. Also, trucks exiting the ROR facility, south of Harrison would require signage directing them back to Main Street.

The Citizens Traffic Committee recommends installing signage prohibiting through trucks between I-696 and Knowles on what is currently referred to as the "Irving truck Route", and de decommissioning this route as an official truck route.

Moved By: Alex Rucinski
Supported By: Richard Karlowski

Supported unanimously

4.B. Request to install “No Truck Traffic” signs on Trafford east of Woodward and at Shenandoah north of Webster.

A request was received from David Lakatos 3022 Shenandoah Drive recommending a review for installing “No Truck Traffic” signs on Shenandoah north of W. Webster Road and specifically noting traffic to and from the Woodward Commercial Center (30252 Woodward - Pei Wei, Goin’ Postal etc.).

The findings of the Staff Traffic Committee were presented by City Engineer, Matthew J. Callahan, P.E.

Mr. Godek opened the floor to those interested in speaking on this issue.

The Citizens Traffic Committee recommends installing “No thru trucks” signs on new posts at the 12 street entrances to the Woodwardside Subdivision and request police enforcement for the first 60 days during the peak hours of 4-6 pm on Shenandoah and Bembridge south of 13 Mile.

Moved By: Alex Rucinski
Supported By: Richard Karlowski

Supported unanimously

5. Business Items

5.A. Request for a public pull-off parking area at 411 N. Campbell Road, Royal Oak, MI 48067:

A request was received from Vere Hoti, owner of property at 411 N Campbell Road for the installation of a public pull-off parking area:

This was a last minute add on for the agenda that was submitted in on Sept. 18th. Mr. Callahan indicated that this is the same issue that was addressed at the January 27th traffic committee meeting (see summary on page 5), and the property owner has indicated that she wants the same consideration that her neighbors were granted at that time. The application submitted was complete and conforms to the requirements for installing a pull-off parking area. The staff has no objections to this request.

Mr. Godek opened the floor to those interested in speaking on this issue.

No one was present to speak on this issue

Attachment 2

Moved by Alex Rucinski
Seconded by Richard Karlowski

To approve the request for public pull-off parking area at 411 N. Campbell Road. The cost of the improvements and required permitting will be the responsibility of the property owner.

Moved by Rom Moore
Seconded by Randy White

ADOPTED UNANIMOUSLY

Adjourn

Upon motion of Amanda Morris Smith, seconded by Rob Moore, and adopted unanimously, the regular meeting was adjourned at 8:30 p.m.

Attachment 2

5.A. 411 N. Campbell Rd. Staff Review

1. Campbell road is a 44-foot wide asphalt capped concrete roadway with concrete curbing.
2. The speed limit on Campbell Road in this area is 35 MPH.
3. Campbell Road does not allow for any on-street parking. Adjacent side streets are roughly 700 feet apart.
4. The property previously had an unauthorized pull-off parking area; which was removed as part of the federally funded N Campbell Road paving improvements in the summer of 2014.
5. The property owner has submitted an acceptable application and listed their hardships which have been summarized as follows:
 - a. Lack of parking for guests/visitors;
 - b. Competition for parking on adjacent side streets;
 - c. Difficulties backing out onto a busy road; (obstructed views, distance to back out to head northbound for west side homes, etc);
 - d. Difficulties jockeying vehicles;
6. The subject property has a single-car width driveway with parking for several vehicles (between 3 to 4 vehicles).
7. Properties that have guests and visitors must therefore park on adjacent side streets approximately 300 feet away.
8. Current government statistics (USDOE) indicate that a single family home has at least three occupants and two vehicles. Rental homes can have additional vehicles which use up the additional on-site parking. Three of the applicant properties are rental properties.
9. The property owner also uses the area as a turn-around as backing into the roadway is difficult due to the volume and speed of vehicles on Campbell Road. And while the ordinance requires demonstration of a need for the parking, the need to safely access the roadway is not required to be demonstrated.
10. Approximately 31 feet of available land lies in the Right-of-way between the sidewalk and back of curb where the existing unauthorized pull-off areas lie. The City has no plans to widen Campbell Road any time in the future or to use this land for any other purpose.
11. The City has approved pull-off parking areas in along Campbell Road and other locations that have similar situations and in some instances demonstrated a lesser burden of hardship (13 Mile Road, Parkdale, etc).

Austin Parking Petition

Engineering Department

Description of Problem

Residents on Austin between Marywood and Washington are prohibited from parking on the street because of posted "No Stopping Standing Parking" signs along the north side of the street and "No Parking Fire Lane" signs along the south side of the street (along Royal Oak Middle School). Residents and their guests receive tickets if they are parked on the street. The only parking available is in driveways, which makes it difficult to have guests at residents' homes due to lack of parking.

Solution

Our proposed solution is to remove the "No Stopping Standing Parking" signs along the north side of the street and replace them with signs stating "No Parking School Days 7:00 AM-7:00 PM." This will allow residents and their guests to park on the street at night, weekends, holidays, and during the summer without risk of being ticketed.

Austin Traffic Petition

Description of Problem

The traffic on Austin Avenue between Marywood and Washington at drop-off and pick-up times on school days is extremely congested and unsafe. The problem began when Royal Oak Middle School opened in 2007 without an adequate plan for the traffic that the school would generate. The problem was exacerbated in 2010 when school buses were discontinued. The school does not provide adequate drop-off areas on school property and instead directs parents to drop-off and pick-up on residential streets. Cars are lined-up and parked on both the north side and south side of Austin, leaving only one lane available for through traffic and preventing eastbound and westbound vehicles to pass at the same time. With so many vehicles in the street, visibility is limited, creating safety hazards for students, residents, and vehicles. Other problems include the following:

- Difficulty for emergency vehicles to pass on the street
- Vehicles parked on crosswalks
- Difficulty for residents to enter traffic from driveways
- Parents parking in resident driveways to drop-off students
- Excessive use of resident driveways to turn around to avoid intersection at Washington and to circumvent “Do Not Enter” signs on Austin
- Blocked fire hydrants
- Double parking
- U-turns
- Vehicles stopping to drop off in the middle of travel lanes and on the opposite side of the road—forcing students to cross the street and walk in between other vehicles also dropping off
- Excessive idling and parking of vehicles in the afternoons

Solution

Our proposed solution is to install “No Student Drop-Off” signs on Austin between Marywood and Washington on both sides of the street. The expectation is that this will result in less congestion and improved safety on our street and prompt the school to utilize their property to provide drop-off areas.

Subject: Traffic control

To the Traffic Committee,

Please note that since the R.O schools have moved their HQ location to the former Churchill building to 800 De Villen Ave, Royal Oak, MI, 48073 there is complete abandonment of the law. On a regular basis, as they come out of the parking lot on the De Villen side, they do need stop or heed the traffic on either De Villen west bound OR Alexander South bound. A simple stop sign would help BUT as you know, state law states the parking lots must yield to traffic on streets. Please consider signage that would help the residents that live here. I know that this will not be brought up until the November gathering. If you need a person at the meeting to move this forward, I would be happy to attend.

Mr. Callahan,

I am petitioning on behalf of the Pine Corner Condominium Association. We are requesting a change in parking at the SW corner of Nakota and Crooks Rds. As I indicated to you in our conversation we have had two minor accidents and a continuing unsafe situation with our egress from our property. In the past year commercial vehicles have (and are currently) being stored in the parking spaces on the SW corner (photo attached). Due to the steady flow of S bound traffic many N bound drivers make the left turn At or above the posted speed limit. This gives drivers exiting the N and S driveways only 2 or 3 seconds to observe the hazard and stop or reverse. Many of the drivers exiting Crooks are very aggressive and " lay on the horn" while we shift and reverse. S bound drivers exiting Crooks Rd. have certain rights-of-way and may turn at decreased velocities. There is no parking on the N side of Nakota which is the safer side of the street. We would request elimination of parking on the S side of Nakota and placement of two spaces on the N side of Nakota. There appears to be about 70' of clear space from the 15' hydrant clearance border. This would allow both N and S driveways an unobstructed view of any traffic exiting Crooks Rd. Thank you for your consideration.

Thomas Humphrey

Dear Royal Oak Traffic Committee

211 S. William Street

Royal Oak, Michigan 48067

Dear Traffic Committee,

I'm writing in request to have a NO TURN ON RED sign posted on the S.W. corner of Main Street and Normandy. Pedestrians crossing Normandy constantly have problems using the cross walk as vehicles proceed to turn right onto southbound Main are blocking the cross walk.

The stop line is approximately 6 feet before the crosswalk and about 12 feet from Main. This is most difficult for bicyclist. Though there may not be many police reports of problems, living on this corner for 13 years I have seen this problem for many years.

Your consideration on this issue would be greatly appreciated for the well being of pedestrians and cyclist.

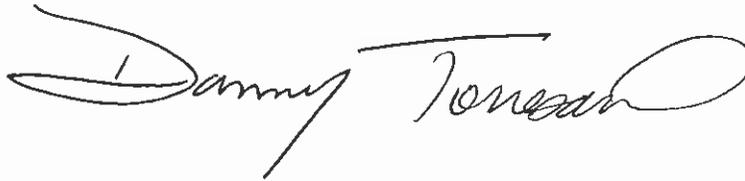

Sincerely,

Mr. Danny Torressan

103 Normandy Road

Royal Oak, Michigan 48073

(248) 435-5911

**Approval of Agreement for Consulting Services
Central Park Redevelopment Analysis**

January 7, 2015

The Honorable Mayor Ellison and
Members of the City Commission:

The City of Royal Oak is currently considering the feasibility of a redevelopment project within the city hall area of downtown Royal Oak. This project is being led by a partnership between the Surnow Company and the Boji Group (SC/BG) on the private side. Together, they have until May 2016 to present a comprehensive site and financial plan to the city.

SC/BG is actually ahead of schedule to make its timeline. The depth and speed with which it has been conducting its diligence has exceeded the city's expectations for this project, and as such, the city needs outside assistance to analyze the key parameters of this project. Shortly, we will have to make decisions that require an independent analysis to make, and we do not have the time or the knowledge to do this ourselves.

Time being of the essence, city staff contacted multiple firms to analyze the work SC/BJ has done, and is recommending the proposal submitted by Plante Moran Cresa (Attachment 1). Plante Moran Cresa has worked on some of the largest municipal construction projects in Michigan (Attachment 2), including Westland's new City Hall and Fire Station, Novi's Police and Fire Department renovations, capital improvements among eleven departments and multiple facilities in Macomb County, and construction of the new Police Station and Township Hall in Huron Township.

Its evaluation of the due diligence/proposal package submitted by SC/BG shall include, but not be limited to, review of all pertinent materials prepared by Royal Oak and SC/BG. Such materials shall include site plans, space programming, cost estimates, phasing schedules, market research, ownership structures, and all assumptions used in the SC/BG's preparation of development plans presented to the city for consideration.

In addition to above, Plante Moran Cresa will also review and validate the existing city hall/police station renovation and operational costing as prepared by the city's architects and engineers. The do-not-exceed price for these services is \$30,000, which is in line with the industry standard.

The following resolution is recommended for approval:

Be it resolved, the city commission hereby approves executing the Plante Moran Cresa proposal and issuance of a purchase order not to exceed \$30,000.

Respectfully submitted,
Todd E. Fenton
Economic Development Manager

Approved,

A handwritten signature in black ink, appearing to read "Donald E. Johnson". The signature is written in a cursive, flowing style.

Re: Consulting Services – Central Park Redevelopment Analysis

Dear Mr. Fenton,

Thank you for your interest in Plante Moran Cresa (PMC) to provide consulting services for the City of Royal Oak (CRO) relative to the proposed Central Park redevelopment project (the Project). We sincerely appreciate your consideration of PMC to assist CRO with its real estate and construction needs and will strive to provide the City with outstanding consulting services.

PMC agrees on behalf of itself and each of its employees that no such person or entity shall represent the products or services of any architect, engineer, property owner, landlord, developer, contractor or any related vendor.

ENGAGEMENT/SCOPE OF WORK

PMC understands that CRO is currently considering the feasibility of a redevelopment project within the Central Park area of downtown Royal Oak. CRO has requested PMC's assistance to analyze the key parameters of the Project including, but not limited to the review of Boji Group/Surnow Company Proposal. An evaluation of the due diligence/proposal package submitted by the Boji Group/Surnow Company, shall include, but not be limited to; review of all pertinent materials prepared by CRO and the Boji Group/Surnow Company, herein referred to as "Developer." Such materials shall include CRO's master plan, area demographics, site plans, space programming, cost estimates, phasing schedules, market research, ownership structures, and all assumptions used in the Developer's preparation of development plans presented to CRO for consideration.

Phase I

Review of space and site program, cost estimates, phasing schedules prepared by the developer and comment on the projects overall facility program and assumptions, including:

- Review of Space and Site Program
 - Size requirements – master plan of space and site
 - Expansion/construction requirements

- Adjacency requirements
- Parking requirements
- Amenities
- Review of Cost Estimates
 - Commodity/labor markets
 - Phasing
 - Indexing
- Review of Schedules
 - Overall milestones
 - Phasing/moving vs. operations

In addition to above, PMC will also review and validate the existing City Complex renovation and operational costing as prepared by the City's architects and engineers.

Phase II

Review of pro formas and financial plans prepared by the development team and comment on the project's overall financial structure and assumptions including:

- Rental Rates
- Absorption Schedule
- Lease Up Cost
- Vacancy Rates
- Cost of Capital
- Operating Expenses
- Debt Structure
- Developer Equity Allocation
- Review of debt and equity structure as proposed for the project.
- Review any available term sheets, commitment letters, etc. from lenders.
- Analyze source and stability of developer equity.
- cursory market survey to evaluate proposal plans in the context of current market conditions as well as CRO's master plan.
- Review background and experience of project team members.
- Attendance at meetings, and communication with CRO, the Developer and other parties to support the evaluation process.

In addition to the above, PMC will also compare and contrast on a macro level the difference between the Developer package vs. the existing renovations to the City Complex by the City's architects and engineers.

Create Findings Report:

These activities (Phase I & Phase II) would culminate in the review and analysis of set of observations and recommendations related to the Project for each phase and be presented to the City Council in the form of letters. The observations and recommendations would serve as a framework to assist CRO in future decision making with regard to the Project.

COMPENSATION

Phase I

PMC shall be compensated based on the number of hours spent by each of PMC's personnel, multiplied by the following rates of \$175 - \$325 per hour, depending on the person performing the work, in accordance with the scope defined herein, not to exceed Thirty Thousand Dollars (\$30,000.00), including reimbursable expenses (mileage, travel, reproduction, etc.) incurred by PMC in the performance of such services.

Phase II

PMC shall be compensated based on the number of hours spent by each of PMC's personnel, multiplied by the following rates of \$175 - \$325 per hour, depending on the person performing the work, in accordance with the scope defined herein, not to exceed Thirty Thousand Dollars (\$30,000.00), including reimbursable expenses (mileage, travel, reproduction, etc.) incurred by PMC in the performance of such services.

TERMS AND CONDITIONS

PMC's services (the Services) include the consulting services designated on this Agreement and additional services, if any, performed by PMC in connection with its engagement under the Agreement. PMC shall perform the Services in accordance with these Terms and Conditions.

PMC and CRO acknowledge that PMC shall have no authority, express or implied, to enter into written or oral Agreements on behalf of the CRO, to take any other actions with respect to CRO's project or the business affairs of CRO, or to commit or otherwise obligate CRO in any manner whatsoever. The services provided by PMC are inherently advisory in nature. PMC shall have no responsibility for management decisions or management functions.

CRO shall provide full information to PMC regarding CRO's requirements as necessary for the performance of PMC Services.

CRO shall provide information, review documents provided by PMC, and render decisions relating to PMC's Services on a timely basis as not to delay the performance of PMC Services.

PMC shall perform the services in accordance with the standard of professional skill and care exercised by other consultants performing similar services under similar circumstances.

PMC does not warrant or guarantee the outcome of project pro formas, budgets or other financial projections developed by PMC for use in connection with its services. Budgets, cost estimates, schedules, and financial projections prepared by PMC represent PMC's best professional judgment as a consultant. It is recognized, however, that neither PMC nor CRO has control over the cost of labor, materials or equipment, market conditions, contractors' methods of determining bid prices or other competitive bidding or negotiating conditions. PMC cannot and does not warrant or represent that the outcome of bids or negotiated prices will not vary from any project budget proposed, established or approved by CRO, or from any cost estimate, projection or evaluation prepared by PMC.

PMC is not an attorney at law, and the services provided by PMC exclude professional legal services. If the scope of PMC's services includes assistance with the negotiations of Agreements on behalf of AP, such Agreements shall be subject to CRO's approval. CRO RED shall provide for the review of such Agreements by AP's attorneys and insurance consultants as deemed appropriate by CRO.

PMC's liability under this Agreement shall not in any event exceed the amounts of compensation for services paid to PMC under this Agreement.

Nothing contained in this Agreement shall create a contractual relationship or a cause of action in favor of a third party against either CRO or PMC. The Services performed by PMC under this Agreement are for the sole benefit of CRO, and shall not be relied upon by other parties.

Except as required by law and necessary for performance of this Agreement, it is agreed that both parties shall maintain strict confidentiality of any and all proprietary information, documents and processed of the other, such as programs, project deliverables, plans, procedures, methods, and data identified as confidential, utilized in connection with the project; and shall not divulge the same to others or otherwise use it now or at any time after the termination of this Agreement, without express written consent of the other party. This Agreement and the terms and conditions of this Agreement shall be treated as confidential by both PMC and CRO. PMC shall, with CRO's permission, be entitled to use CRO's name, photographs, renderings, narrative descriptions and similar materials relating to PMC's Services.

In the event this Agreement is terminated for any reason, PMC shall be compensated on an equitable basis for services performed as of the effective date of termination in accordance with this Agreement. Upon any such termination and payment of amounts due to PMC, the parties hereto shall be released of any and all further liability hereunder.

CRO and PMC accept the obligations of good faith and fair dealing towards each other with respect to this engagement.

ACCEPTANCE

To accept this proposal including the terms of this letter please sign the Accepted and Agreed acknowledgement below and return it to me. Upon execution below, this proposal will become a binding Agreement (Agreement) between CRO and PMC. Should you have any questions please contact me at (248) 223-3395.

Sincerely,

PLANTE MORAN CRESA, LLC

Gregory VanKirk, CPA
Partner

Gino J. Del Pup
Vice President

We accept this proposal, which sets forth the entire Agreement between CRO and PMC for the services specified herein. We acknowledge that such acceptance creates a binding Agreement between CRO and PMC.

Accepted and Agreed:

CITY OF ROYAL OAK

By: Mr. Todd Fenton

S P E C I A L E V E N T S

Wednesday, January 13: The Friends of Fungi Mycology Club hosts a presentation by Mary Fredricks featuring a slide show of the various fungi found in our local woods during the past year. Is climate change affecting fungi populations? Come and find out 7:00p.m. at the Mahany-Meiningger Senior Community Center (3500 Marais). There is no cost or pre-registration for this program. For more information please call the Royal Oak Nature Society at 248-246-3380 or visit the website at www.romi.gov/nature.

Saturday, January 16: Walk into the Tenhave Woods and attempt to lure in or have screech and great-horned owls answer the recordings of their own calls! Park and meet at the Lexington and Marais parking lot at 7:30p.m. to join the Owl Hoot. There is no cost or pre-registration for this program. For more information please call the Royal Oak Nature Society at 248-246-3380 or visit the website at www.romi.gov/nature.

Wednesday, January 20: Interested in learning more about real estate? Come have your questions answered at the Real Estate Education Seminar at the Royal Oak Historical Museum (1411 West Webster Road) at 7:00p.m. For more information please contact Chelsea Smith at 586-383-1430 or csmith@realestateone.com

Monday, February 1: The Royal Oak Public Library hosts their 17th Annual Preschool and Child Care Night at Northwood School at 7:00p.m. (926 West Twelve Mile Road). Meet and speak with representatives from over 25 area preschools and child care providers and be the first to get the 2016 Royal Oak Area Preschool and Child Care Directory. No registration is necessary for this program.

HAPPENINGS AT THE PUBLIC LIBRARY

PLEASE NOTE: More information and registration where specifically required for the events at the Public Library can be made by visiting ropi.org or calling the Youth and Teen Services Desk at 248-246-3725. Most programs are completely free of charge unless otherwise noted in the event description.

Tuesday, January 12: Pre-school and elementary age students and their families are invited to join Miss Ann and her guitar for lively sing-a-longs, musical stories and the chance to add to the beat with percussion instruments. The merriment begins at 7:00p.m. Registration is limited to 40 for this program.

Thursday, January 14: Middle and high school students will transform delicious, healthy fruits and vegetable into edible delights. Cauliflower sheep, apple monsters, banana etchings and more!! All materials will be supplied. The program begins at 6:30p.m. and is limited to 20 participants.

Saturday, January 16: Registered therapy dogs will be at the Library from 10:30 a.m. to 12:15 p.m. to listen to children read to them in a one-on-one setting. It is fun and helps improve reading skills because the dog listens attentively and does not judge, laugh or criticize. Registration is required to sign up for a 20-minute time slot.

Tuesday, January 19: Little Creatures Company's Dan Briere brings his live animal friends to the library at 7:00p.m. for this informative Herpetology Program. Come get up close and personal with a Giant African Bullfrog, Green Iguana, Snapping Turtle or an American Alligator and find out all about "herps"! Registration will be limited to 100 participants.

Thursday, January 21: Make your own fuzzy felt creations in a needle felting program presented by Ewe-nique Knits. The program is for middle and high school age students and will be limited to 20 participants. All materials will be supplied and no experience is necessary, just your imagination!

Monday, January 25: Monday, Funday, Craftday! Students ages 10 to 18 are invited to take a break from studying and join us at 4:00p.m. for an hour of crafts and games. Snacks will also be provided. No registration is necessary.

Tuesday, January 26: The U of M Museum of Natural History Outreach Program will present a Family Science Workshop at 7:00p.m. Designed for children ages 6 to 11, the Workshop will take participants through vast stretches of history to learn about large-scale time. Topics covered will include the Big Bang theory, evolution and the development of human cultures. Registration will be limited to 30 participants for this program.

Thursday, January 28: Time to come to bring a friend and head to the library to play your favorite video games on Wii; Game Cube; and Xbox360 with Kinect! Snacks will be provided as well. Children ages 7 to 11 play at 4:30p.m. with middle and high school age students taking over the controls at 6:30p.m. Registration is limited to 20 for each session.

Monday, February 1: The Royal Oak Public Library hosts their 17th Annual Preschool and Child Care Night at Northwood School at 7:00p.m. (926 West Twelve Mile Road). Meet and speak with representatives from over 25 area preschools and child care providers and be the first to get the 2016 Royal Oak Area Preschool and Child Care Directory. No registration is necessary for this program.
