

Royal Oak Historic District study Committee

M I N U T E S

The meeting was called to order at 7:10 p.m. on Thursday, February 18, 2016.

Those present were Miriam Cady, Ruth Cleaveland, Tammis Donaldson, and Jim Keillor. Excused were Chris Kraska and Rob Duchene.

A motion was made by Tammis to approve the minutes of January 28, 2016 and seconded by Miriam. All approved.

There was review of the corrected and retyped portion of the preliminary report of the L. A. Young project on Altadena Avenue. A statement of conclusion needs to be drafted to complete the report before it is sent to the State and City.

A copy of the most recent letter mailed to the fourteen homes who wish to be included in the project was read to the members and a copy enclosed with the minutes. Also, one resident has sent in the requested fee already and will be recorded with the list of residents.

There was review and discussion regarding the article in the Free Press on Sunday, February 14th in reference to a bill presented to the State Legislature in reference to how historic districts are determined. Most of the issues incorporated in the bill would not be in compliance with what we are currently doing and would further discourage people from requesting historic designation,

A new member, Leslie Snow has been appointed to the Study Committee. Her bio was reviewed with the members. Ruth also spoke with her on the phone and welcomed her to the Committee.

A motion was made to adjourn. The next meeting will be on March 17, 2016 So don't forget your "green".

Respectfully submitted.

Ruth Cleaveland.
