Introduction of new members Ryan Danescu and Brigitta Burguess
- III. **City Commission Comments:**
Officially broken off the Senior Services from this board and the Older Age Board is seeking candidates for the board. If interested, you can be on both. This board will be entirely focused on Parks and Recreation. The crime prevention council committee has been shut down. A community engagement board has taken its place. Has not been appointed yet. Now on commission for the arts, DDA talking about having an art contest. Doing an art contest, theme is "things in royal oak." Have some parks and rec focus items. Royal Oak Leprechauns are making a play for the city to fund the grandstands. Last two years, a Juneteenth celebration, committee is looking for members to discuss planning. Budget in process
- IV. **Public Comment:**
Sharlan Douglas – make a plea for abundant comfortable well-located seating in parks. Could not find seats in the park outside of around the

play structure. Better example, centennial commons, seating in centennial commons is uncomfortable. Location is also as important, focusing on shade and around trees.
