 - Calendar: we will meet on the 4th Wednesday 7pm this year except for November, when we will meet on the 20th.
 - Strategic Focus:
 - Andrew Sarpolis and Paul Vial suggested we hold public events to instruct people on how to apply for grants to decarbonize their homes and improve storm water capture.
 - Andrew Sarpolis suggested we participate in public campaigns to pressure the Michigan Public Service Commission to push privately-owned utilities to decarbonize the electric grid.
 - Julie Lyons-Bricker suggested we consult the S-CAP document to remind us of the strategic goals we set two years ago.
8. Aaron Filipski was absent, and there was no report from the Director of Public Services.
9. Sustainability Manager Angela Fox reported on the following:
 - Angela will continue holding Happy Hour events and library talks, which have been well- attended. The next Happy Hour will be February 21st, 5:30pm, at Alchemy in downtown Royal Oak.

- Angela and EAB board member Tessa Benziger will organize a table at the Farmer's Market on Saturdays to accept food waste for composting.
- Angela reported that she declined the Detroit Zoo's invitation to attend their April Earth Fest because an Earth Day event will likely be held in Royal Oak again.
