**Sports** From football to golf, athletes enjoyed a year of sports. Even though they weren't always on top, they gave one hundred percent. It's not if you win or lose but how you play the game. And they played every game with class.

18

**Academics** The whole purpose of high school is to be educated. The education among this institution is highly respected in the community. When students graduate from Dondero, not only do they carry a diploma but they carry a symbol of excellence.

56

**Student Life** In addition to regular school days, many students participate in activities that add variety outside the classroom. Student Life covers all of the clubs and organizations that made our year more fun and interesting.

74

**Arts** Dondero has built a reputation of having one of the finest Music and Performing Arts Departments in the district. This year by far has been no exception. Along with the numerous performances, students spent endless hours at rehearsals. They knew the preparation would pay off, and it certainly did!

102

**Careers** Students fill their schedules with business classes, OTCSC courses, and co-op programs. Taking such classes enables students to gain experience and get a head start on their future.

124

**Seniors** What a year! This sensational class finished in first place with their Homecoming float, a 20-0 victory over the Junior Powderpuffers, a first place overall finish during Spirit Week, and soon they will receive their diplomas! What more could the class of 89 ask for?

144

**Juniors** Three years down, one to go! The class of 90 has had one great year and is looking forward to an even better one. They add a lot of character to Dondero with their overwhelming amount of spirit and enthusiasm.

178

**Sophomores** The class of 1991 is very spirited exhibiting unity among the class with full participation from everyone. They are trying to make this year the best it can be.

190

**Freshmen** Freshmen year is all a part of adjusting to new things. It's a year of establishing who you are and getting accepted. It's a year of learning the difference between the boys' and girls' bathroom and that the elevator doesn't go to the fourth floor.

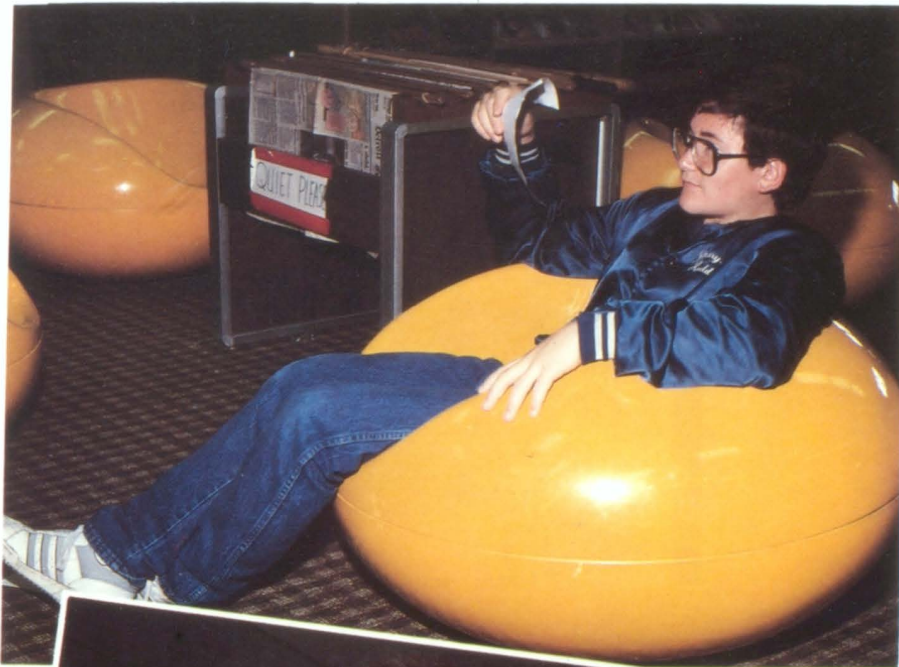

202

**Faculty** Where would our school be without our Dondero faculty. Not only do they teach us about reading, writing and arithmetic but they teach us about life. Students come and students go but long standing dedication and reliability is unsurpassed among this staff.

# DONDERO ENDS A TOUGH SEASON AT THE DOME

The Varsity Football team went into it's annual cross town rival game with high spirits this year. The injury plagued Oaks played well, despite penalties at crucial points in their drives. The 1st half was a hard fought battle, and Kimball led 7-0 at the half. However costly penalties in the 2nd half caused several offensive drives to be halted. Senior running back Brian Lukas was running well until he was injured in the 2nd half. The Oaks are looking forward to sweeter revenge next year !

## CHEER FOR THE OAKS!

This year's cheerleading squads did a lot more than just uphold spirit on the sidelines. The girls participated in a clinic at U of M in October and hosted another one in January for the Royal Oak Schools on mounting techniques. The girls also attended the first MSA League Cheerleading Competition held at Rochester. The Varsity squad worked together with the band to perform at pre-game for the Homecoming game. Another project the teams worked hard on was fundraising and public relations with others. The cheerleaders sponsored a Tag Day and two Bake Sales. The money collected went to the purchasing of sweatshirts, materials, decorations for the locker rooms, and treats for the players. The girls also contributed a portion of their funds to the "Give-A-Christmas" fund. For the Fall season three girls were recognized for their hard work and dedication; Senior Brenda Retell was awarded MVP, Junior JoAnne Jemison was voted ALL-LEAGUE and Senior, Jill Rogers was chosen as the Coach's Choice. This year's Varsity was coached by Debbie Beverlin and Terri Gregory, and Junior Varsity was coached by Becky Freeman.

# FLIP FOR IT!

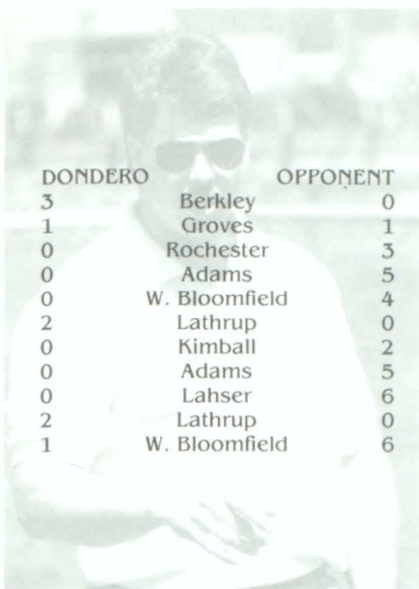

This year's Gymnastics team is holding on despite the many setbacks of the season. Injuries seemed to be the major upset for the team. Six out of the eleven girls, four of which were the team's top scorers, were out for a portion of the season. Another problem was the young, inexperienced team, with only five returning gymnasts. Although the gymnasts gave not yet been able to qualify for Regionals as a team, many individuals have qualified for the opportunity to compete. Senior, Melissa Cooper and sophomore, Michelle Ketelhut (All-Around). Senior Jennifer Wallace (Bars, Beam, Floor), and juniors Michelle Tucker and Katie Richards (Vault). This year's captains were Jennifer Wallace and Melissa Cooper. The girls were coached by Jill Perkins and Janet McKee.

A "never die" attitude. Those were the thoughts of this year's Varsity Soccer team. Despite their record of 2 wins, 15 losses, and 1 tie, most felt there was tremendous improvement from seasons past. The team was unified, cooperative, and spirited to say the least. Even when the Oaks were down, Theodore Turner would psyche up his team members by leading the ever acclaimed "Silent Cheer".

The team's 12 experienced seniors, found themselves to be an asset in every game. Perfect examples were John Hoyt and Garel Rice as they were named Soccer's MVPs, and Duncan Millar who received the MSAA ALL-LEAGUE AWARD.

Upcoming hopefuls for next season include; Junior, Bill Burns and Sophomores, Ben Bancroft, Joe Ross, and Chris Wickman. Good luck on your 89/90 season!

Our J. V. Soccer team completed their season with an overall record of 2 wins and 12 losses. Although the record doesn't reflect it, the team possessed many future hopefuls for the next year's Varsity team. Players who really came through for the cause were Ben Craft and Matt Jaeger, both of whom are freshmen. The team consisting of 5 Sophomores and 16 freshmen, feel the Oaks have gained much experience and are more than excited for next year's season to begin.

# GIRLS VARSITY BASKETBALL

The 1988 Girls Varsity Basketball team didn't have as good a season as was expected, with only five wins and sixteen losses. The team pulled together and made it one of the better seasons yet.

With Captains Tina Waun who received MVP and Michelle Shirey with ALL LEAGUE the girls pushed the team to put forth tremendous efforts. Other outstanding players were Charlene Silence who received MOST HEART and HUSTLE, because she seemed to always be in the right spot at the right time, and Melissa Callan for MOST IMPROVED.

An exciting season is expected next year and we wish the OAKS good luck.

The team was led by Greg Coleman, Arbor Watt, and Brian Lukas. Lukas who missed a portion of the season due to injuries was voted All League his junior year. The team was comprised mostly of Seniors and a few Juniors.

Coach Barich and Coach Boyd are looking forward to a more prosperous season next year, with the upcoming JV team.

# GIRLS TENNIS TEAM IS WALKING STRONG

BACK ROW: Marie Colvin, Michelle Olscwa, Denise Gnatek, Stephanie Rabine, Jenny Juleff, Coach Kevin Ryan. SECOND ROW: Denise Peura, Carrie Niltz, Liza Ellicanal, Shannon Gilman, Lynda Underwood. FRONT ROW: Katie Richards, Cris Dyke, Mandy Perna.

The 1988 Girls Varsity Tennis Team moved up this year with new coach Kevin Ryan. The team didn't look that promising at the beginning of the season, because of all the inexperienced players who joined. Even with a fairly young team the Oaks had a good 4 wins and 10 losses.

Seniors Stephanie Rabine and Liza Ellicanal helped in the team's confidence through the season, especially at the tough League matches. These girls also received CO-MOST VALUABLE PLAYER for their outstanding talents. Next year's team looks promising, even with the many seniors who are graduating. We would like to congratulate all the new girls, and we hope to see them next year. Good job, girls!

Stephanie Rabine with great form.

The math department at Dondero has a wide range of courses to offer. Some of the classes include General Math, Algebra, Geometry, Advanced Algebra, and Senior Math. They also have honors classes for the honor students.

It's required to take one year of math, but most students prefer taking four years for college prep. The head of the math department is Mr. Diebel. Along with eight other teachers, math had another great year.

Reaching students on all levels, the 1988-89 English department had another successful year. 3 and a half credits were required, and with the 10 teachers, students can fulfill their requirements along with their interests. Some of the electives chosen by students were: Yearbook, Acorn and Poetry. Students also enjoy communications, acting and speech classes.

Along with the electives, composition and literature classes are for students to fill the requirements. These are great courses to have for college prep, and also add excitement to make it through the day.

# DETERMINED SCIENTISTS

Mr. Weiss is amazed at the response.

Here at Dondero it is a requirement to take one full year of science for graduation. Still there are some students that go all four years taking science courses.

Our Science Department has multiple choices of classes. Ranging from Biology to Chemistry and Physics. These are just to name a few of the science courses.

The teachers are also a big part at making these courses interesting and exciting. This year we had Mrs. Tongring-Wilson back on Dondero's Science Department, along with five other teachers, you can't beat.

Once again Dondero's Science Department has proven to be a vital part of Dondero which could not be replaced by anyone.

Sociology and Psychology are chosen by students not only as a class to fill an elective, but a class they enjoy. International Relations and Economics are good classes for students who are preparing for college or planning to go into the social studies field.

Dondero's social studies department is a good learning program and it is also interesting!

Some of the classes consist of beginning art 1 & 2, to 4th year advanced art.

The leader of the french is Mrs. Sauer. French is an enjoyable course to take. Students may take up to four years of french. Not only do the learn to speak french, they learn to write, dictate and by doing skits, they can learn more about the French culture.

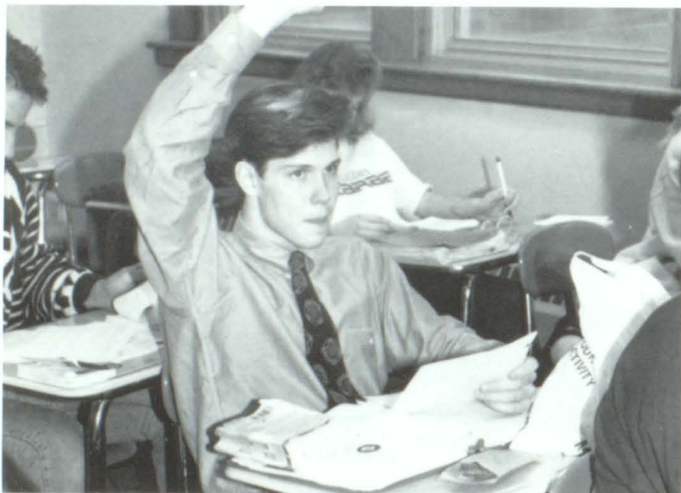

Every other year the students have the opportunity to go to France. They go just after school gets out. They have a great time, and, at the same time, it's a good learning experience. At Dondero, french classes are among the most popular languages taken by students.

It's a great honor to be a member of the National Honor Society. There is also a great deal of responsibility involved in being a member. The student must have a minimum grade point average of 3.2 and must demonstrate leadership and be willing to get involved in community service and help to better the school environment. This year's officers are: President Brian Lukas, Vice President Cris Dyke, Secretary Tina Waun, Assistant Secretary Jill Rogers, and Historian Brenda Retell

As the year goes by, NHS betters the community by doing long term service projects such as: tutoring at the Boy's and Girl's Club for elementary school children. The members also help fellow peers at the Homework Place Monday through Thursday after school.

Student Senate worked long and hard this year to make Dondero the best it can be. The Senators and advisor Mr. Streeter deserve a lot of respect for their hard work throughout the school year. They are responsible for almost all of the dances, Homecoming parade, the organization of Spirit Week, Field Day and all of the Pep assemblies. They are also responsible for our annual can food drives and this year was no different in fact it was better. Dondero joined together with Les Ateurs Restaurant to help raise money for the Daily Tribune's Give-A-Christmas program. Because Senate gets Dondero involved in activities such as the Give-A-Christmas program it gives a message to the community that Dondero truly is a caring school. Senators also participate in exchange days so that area schools may get a first hand look at what a spirited school we have. Great job again, Senators!

# HOLA! SPANISH CLUB

The Spanish Club is just one of the Academic clubs that Dondero has to offer. The only prerequisite to be a Spanish Club member is to be taking Spanish. It's an opportunity for students who share common interests to get together and do activities such as horseback riding, dinner at Mexican Village and various other activities. The club purchased sweatshirts this year and has had various fundraisers including Bagel Sales, Sombrero suckers, and Easter candy. The advisor is Senor Solis. The club meets every Wednesday morning at 7:45 to go over up and coming events. They never close membership, new members are always welcome! Caramba!

Foreign Language is a very worthwhile experience and clubs such as the German Club are a great way to get the kids interested in the language they are taking. Keep up the good work !

# THE 1989 OAK STAFF

The OAK staff has once again been successful in bringing our high school memories to life in the 1989 OAK. A lot of time and effort goes into making the yearbook. Each individual is designated a specific section in the book and they are responsible for the layout, the body copy (which is what you are reading now) and the captions for underneath each picture. The layouts are then shipped to Texas where the book is processed, we then distribute them. In the beginning of the year the staff must brain storm a specific theme to carry throughout the book, As you probably know this year's theme is "Steps In The Right Direction" which was thought up by the OAK staff. The book covers all the school activities, sports, and the individual classes. The book's sole purpose is to preserve today's memories for many years to come.

# THE 1988-89 GENESIS STAFF

Dondero's own creative arts magazine "The Genesis" is a composite of short stories, poetry, artwork, and photography submitted by the Genesis staff. This year's editor is Jennifer Huckabee and the always smiling advisor Ms. Brakeville. A student must have had imaginative writing before being eligible to be on staff. The staff put forth a lot of hard work and effort to make this year's edition the best it can be. A staff member must demonstrate good leadership and writing skills and, of course, creativity to successfully put together an impressive magazine. The staff meets fifth hour of second semester everyday and the magazine is distributed in June.

# SENIORS PREVAIL IN POWDERPUFF

This year's Powderpuff game went very well despite the unthinkable weather that we were forced to play in. It was a cold and rainy day and the field full of mud. However, the girls stuck it out and played a great game! The class of 89 managed to pull off another victory for the 2nd year in a row. The score of the game was 20-0. It was a shut out. Both touchdowns were made by Brenda Retell. Both teams played a great game. Powderpuff is just another great tradition here at Dondero.

The 1988 Dondero Field Day was a big success. Field Day is a great chance for students to gather together and show their school spirit. It's the perfect opportunity for each class to get together as a whole. There are many activities such as: Egg Toss, Toiletpaper Wrap, Rootbeer chug, and the ever popular Air Band. Each class had their own singing sensations. The class of 1991 with "Yellow Submarine", The class of 1990 with "Do You Love Me?", The class of 1989 with "We Go Together" and the class of 1988 did "I've Had The Time of My Life", the smash hit from the movie "Dirty Dancing". Last but far from least the Faculty did their winning rendition of "Dancin' In The Streets". The Seniors won the overall competition. There have been numerous attempts to ban Field Day all together. However, if we continue to generate the support we've had, there will be many more successful Field Days.

# SPIRIT WEEK

Spirit Week 1988 was a festive event. The involvement from the student body was awesome. This year's theme week was as follows: Black Monday which was intended as a sort of mourning for the Kimball football team. Twin Tuesday, a student or faculty member would pick a friend and the two of them would dress exactly alike. College Wednesday, students and faculty would dress in their favorite college memorabilia, Halloween Thursday, everyone dresses in their costume and last but not least Blue and White Friday, which seems to be the favorite among the student body, everyone seems to show their school spirit most on this day, they seem also to take great pride in wearing their school colors. Although the class of 1989 claims ownership of the SPIRIT KEG this year, the other classes contributed to the great competition. Spirit week is the perfect opportunity for Dondero to really glow as the most spirited school in our league and that it is!

# HOMECOMING 1988

Homecoming means fun for all. It all starts with a pep rally to get the football team spirited for the big game. Before that is a pre-game parade however, this year was not an ordinary Dondero parade because this year's parade was combined with Kimball due to a conflict in the dates. Combining it was the best solution and I'm happy to say that it worked out great. It made for a longer and all around better parade for the spectators. The Class of 1989 took first place in the float competition with their float entitled "OAK CLASSIC". Following the parade was the football game, the mighty Oaks were unable to pull off a victory but they put in a great effort. And last but not least the Homecoming Dance where the King and Queen were announced. This year's King and Queen were Mike Sherman and Tina Waun-Congratulations to both of them!

# THE STAGE DOOR

This year's fall production of "Stage Door" was a hit. The Dondero auditorium was magically transformed into a 1940's boarding house. The roles of Terry Randall (Carrie Nitz), Judith Canfield (Katie Renshaw), Kaye Hamilton (Erin Davenport), Jean Maitland (Cris Dyke), Keith Burgess (Chris Savino), and David Kingsley (Kyle Heffeman) were all superbly performed.

The behind the scenes production team put on another wonderful exhibition of their construction skills. The play was managed by Ms. Whalin and student director, JoAnne Jemison. Way to go Drama Club !

The Drama Club is a group of students, who put on the play in Dondero. These students meet and decide about what plays they will do and how they will be done. The group is lead by Ms. Whalin who is also the director for the plays. The Drama Club also puts on two plays a year, one in the Fall and one in the Spring. The Fall play is traditionally a serious play or a comedy, and the Spring play is traditionally a musical. The Drama Club rehearses months before the show, rehearsing four nights a week. The Drama Club is a fun group to get in with, so come to the meeting next year, or see the plays.

# FRESHMAN CHOIR

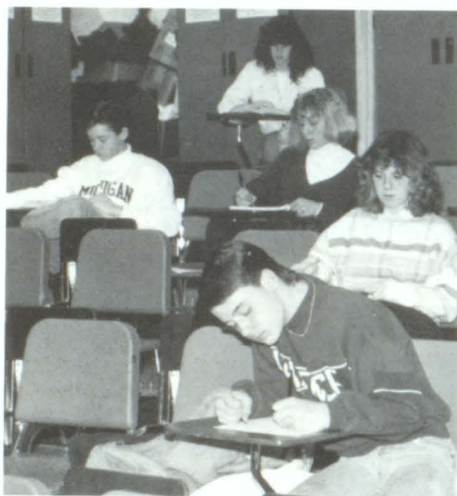

The Freshman Choir is a group of young, eager Freshmen who enjoy singing. This group of ninth graders learns the fundamentals of what the Dondero choirs need to know. They prepare for passing on to mixed choir next year, and possibly onto A Cappella and Musical Minority.

The Freshman Choir performs in the Mini Pop, Spring Concert and Winter Concert. They also go to Keller Junior High to sing and explain what the Freshman Choir is all about. This choir is the stepping stone to the future of Dondero's choirs. Have Fun!

The Mixed Choir is a combination of Sophomores, Juniors, and Seniors. The choir meets in fourth and fifth hour. The Choir is a fine example of dedication, hard work and pride. The members work on their music everyday to make sure it's perfect.

The Mixed Choir is involved in three major concerts a year: Winter Concert, Spring Concert, and the ever popular Mini Pop Concert. They also visit the local Junior highs to explain what Dondero Choirs are about. This years Choir shows promise for all of their concerts. Their strong voices will carry them through high school and into the future.

# MINI POP '88

Last Spring the Dondero Auditorium again turned into a concert hall, with the sounds of guitars, keyboards, drums, and voices. It was the annual Mini Pop Concert. This concert gives Freshman and Mixed Choir a chance to perform as A'Cappella does in the Pop Concert.

Some of the songs that were done were: "Runaway" by Bon Jovi, "Wait" by White Lion, "In My Dreams" by Dokken, "Longtime" by Boston and a number of others. There were also some great soloists. A great job was done by all. Good luck next year.

# A CAPPELLA CHOIR

The A cappella Choir is one of the premier choirs in Dondero High School. For a student to be in the choir, one has to pass an extensive audition of both musical knowledge and their singing capability. The choir meets everyday to rehearse their music in preparation for the upcoming concerts. They put on three concerts, Winter, Spring and Pop Concert. They also take part in the All City Choir Concert, the ever popular Col-lage Concert, and also go on a trip to the Fisher Building each year. The A cap-pella Choir is an example of the excel-lence that is in this school.

The Musical Minority is the premium choir here at Dondero. These singers have to audition to be in this choir. The members are also members of the A cappella Choir. The members meet after school on a regular basis. They perform very hard music, so this is the reason for the intense rehearsals. These people are a select group. This choir performs in the Spring and Winter Concerts, and also in the Collage Concert. The tradition of Dondero excellence in choir is exhibited by these few people.

# Jazz Band 1989

The Jazz Band is a group of band students who meet on a regular basis and perform and practice jazz music. They perform a range of music, from standards to brand new compositions. The Jazz Band is an extra activity that the members participate in. They practice most of the music on their own, and Mr. Perkins refines the music and makes it perfect.

The Jazz Band is composed of trumpets, trombones, saxophones, bass, guitar, and a rhythm section. These instruments are the backbone of symphonic bands but are the only ones in Jazz Band. The students work hard on their music and it shows. They bring back the sounds of years past, when jazz was the thing. Continue the good work.

These shows are the Winter, Spring, and Collage concerts here at Dondero. The band also goes to district festivals to compete for selected ratings. The band is directed by Mr. Richard Perkins. Mr. Perkins spends a vast amount of time helping the band perfect their music for each of the band's concerts. Through his hard work, and the hard work of the students, the band performs flawlessly.

# OFFICE CO-OP . . . WORKING HARD

Tina Waun says, "What next?"

Office CO-OP people are pretty busy. They work in the athletic office, main office, and the job placement office. In the main office the kids answer phones, fill out attendance forms, work and help the secretaries, and work at the switchboard. In the athletic office the girls send out contracts to schools for the athletic contests, type up schedules, mail letters for upcoming events, make eligibility lists. Not to mention run plenty of errands for Mr. Barich, and type letters to other athletic directors. In the job placement office they type up lists of everyone in the schools jobs, run errands for Mrs. Dee, and finalize a lot of things she does.

Michelle Shirey, are you filling out a fake absence form?

Jennifer Huckabee working hard as usual?

# TRADES AND INDUSTRY . . . BUSY WORKING

In the trades and industry department, they are very busy working. They offer a variety of classes here. You may also take classes at OTEC. The classes here consist of many different woodshop classes, and a variety of metal shop classes. This gives students job training in the skilled trades and numerous industrial or specialized occupations. The current need for trained employees in this field is rapidly growing. By getting training from these classes, the students have a head start in their chosen field.

Girls are very popular for taking these classes too. If you are interested, get involved.

This program has a very wide selection in classes: Fashion Design, Floral Design, Electronics, Data Entry and Word Processing, Cosmetology and many, many more.

The OTC program happens to be one of the best in the state, and we're very proud of it. If you are planning to enter any of the various careers mentioned, you should take a look at the program.

Distributive co-op is a very nice, and wonderful asset to Dondero. The students go out and find their own jobs or they can get recommended for them. They work all different shifts, some work during school hours, and others work after school and or on weekends.

Students having jobs show a lot of responsibility, and they will be accredited for that later in life.

We encourage students to get jobs during high school so they can save for the future. If you are interested in working you may go to the job placement office A.S.A.P.

# S.A.D.D. — MAKING A DIFFERENCE

S.A.D.D., this year was an overwhelming success. Over thirty students joined. The involvement and concern from students for this worthy project, is something Dondero takes great pride in. S.A.D.D. takes part in many activities over the course of the year to better the awareness of the harm in drinking and driving such as; Project Graduation, Peer Resistance Training, and a new project organized by the Senior Class and S.A.D.D. called "Grim Reaper" which was designed to alert the student body of the number of deaths that occur during a regular seven hour school day. They were able to establish this by ringing a bell according to statistics, every time a death would occur. The Grim Reaper would then pull a student from a class and put a black band on the person signifying that a death had occurred. At the end of the day an assembly took place and all the people wearing arm bands were assembled together so the students were able to view how many of their friends may have been killed. The assembly summarized the day and what had occurred and made a lot of kids think.

# SCHOOL BOARD AND ADMINISTRATION

Dondero's Administration is the backbone of our school. The building itself is run by Mr. Glick-Principal, Mr. Chynchuck-Assistant Principal, and Ms. Tinetti-Assistant Principal. Their job is to see that the students get the most out of their four years here at Dondero. All the schools of Royal Oak are run by the school board, It consists of President Kent Schultz, Vice President Robert I. Morrison, Secretary Gloria Kremer, Treasurer Kathleen D. Brooks, Kathryn E. Oger, and Stephen L. Weber.

Mr. Chynchuck, born with a smile on his face.

Mr. Glick is hard at work.

Left: Mr. O'Brien, it's easier to find something when you're looking at it.

Ms Tinetti looks ready to take on the world.

Below: BACK ROW-Stanley F. Harris, Kathryn E. Oger, Robert I. Morrison, Stephen L. Weber FRONT ROW-Kathleen D. Brooks, Kent D. Schultz, Gloria E. Kremer

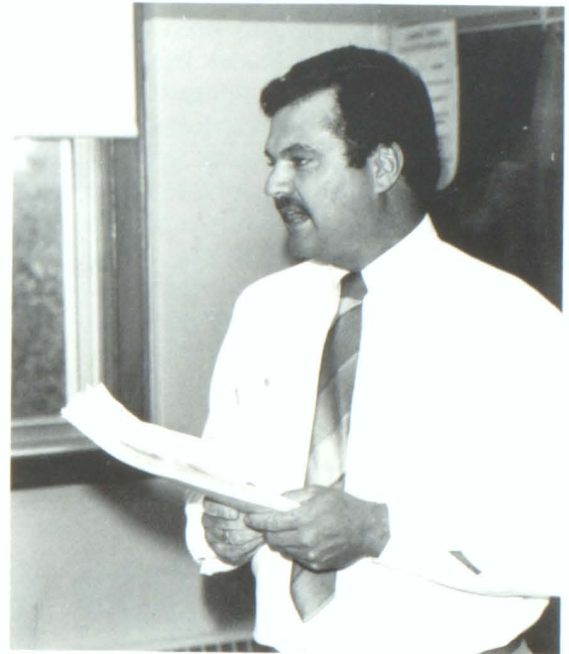

Santa (a.k.a.Mr. Boyd) likes to serve lunch in his free time.

# Math has Variety

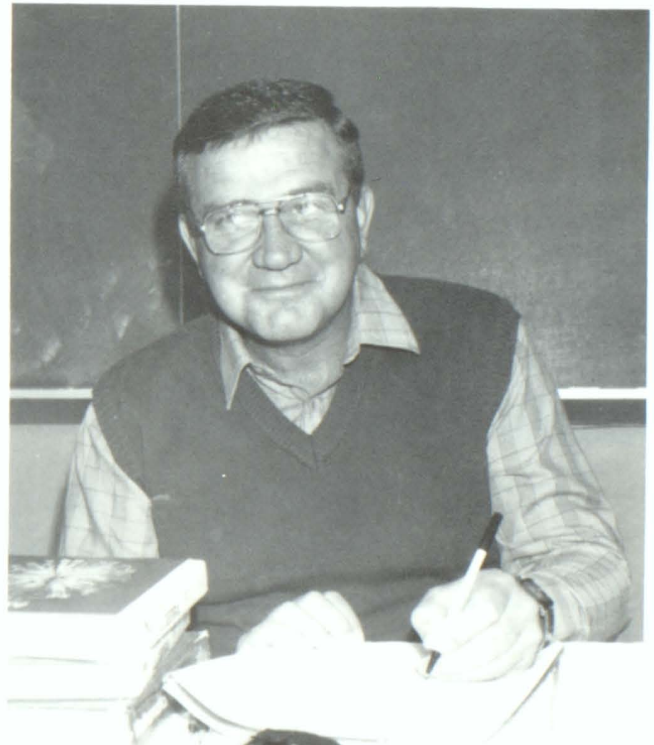

Dondero's all male math department is headed by Walter Deibel. Each individual teacher is unique in their method of teaching a subject filled with numbers, problems, and equations. Mr. Barich, our Athletic Director, teaches the not so easy subject of Geometry. Mr. Diebel teaches General Math, Honors Math, Extended Algebra, and Algebra. Mr. Eberhardt also teaches Geometry along with Extended Algebra and Honors Math. Mr. Fuhr, our Varsity Football Coach, teaches Extended Algebra and General Math. Mr. Heter teaches Introduction to Computers. Two hours of Algebra 3&4, one hour of General Math, Honors Math 7&8 and Senior Math are all taught by Mr. Hemilla. Mr. Phelan also teaches a variety of courses; Algebra 1,2,3,& 4, General Math, Honors Math, and Senior Math. Mr. Snider teaches two hours of Algebra 1&2 and one hour of Extended Algebra 3&4. Last but not least is Mr. Sweet who teaches Informal Geometry and Extended Algebra. Each teacher is truly filled with variety.

Mr. Eberhardt gets ready to hand back quizzes.

Mr. Barich dosen't look happy.

Mr. Fuhr, what are you grinning at.

Mr. Hemmilla likes what's going on in his classroom.

# OAK SECRETARIES ARE HARD WORKERS

Secretaries are often taken for granted. Many times they are not appreciated for the hard work that they do. Mrs. Cook and Mrs. Jones help to keep your attendance straight, Ms. Amour helps you get your appointments with your counselors, Mrs. Weber helps the counselors and Ms. Tinetti with scheduling, Mrs. O'Rourke, Mrs. Hayes, and Mrs. Burke all help our principals with their needs and Mrs. Joyce is our bookkeeper.

Mrs. Cook, always cheerful.

Mrs. Burke gets caught in mid-cut.

Mrs. Weber, always scheduling.

Mrs. O'Rourke takes time out from typing for a picture.

Mrs. Hayes takes a moment to pose.

Mrs. Joyce, hard working as ever.

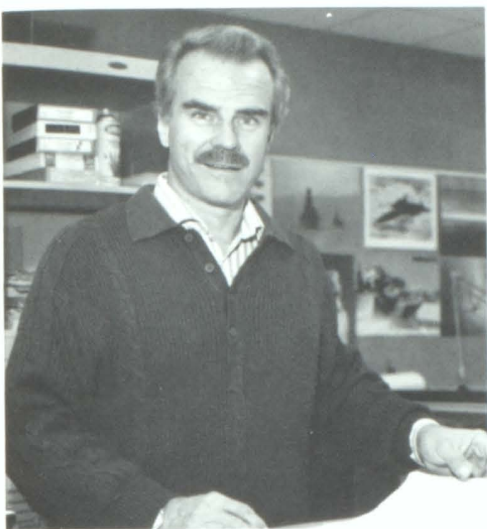

Ms. Amour flashes those pearly whites.

# BUSINESS, HOME EC, AND INDUSTRIAL ARTS

Mr. Jaske is one cool dude.

Mrs. Brewer, young at heart.

Ms. Vela is enthusiastic about teaching.

Mrs. Marek looks like she knows something that no one else knows.

Mr. Kirkpatrick is caught up in his work.

Mrs. Murphy, giving us a stunned look.

Mrs. Hamilton, not your average home ec. teacher.

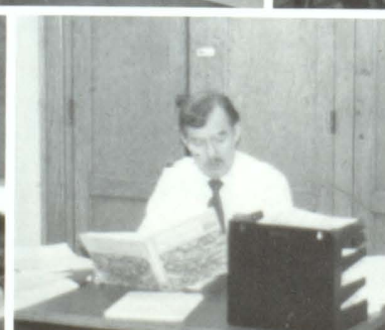

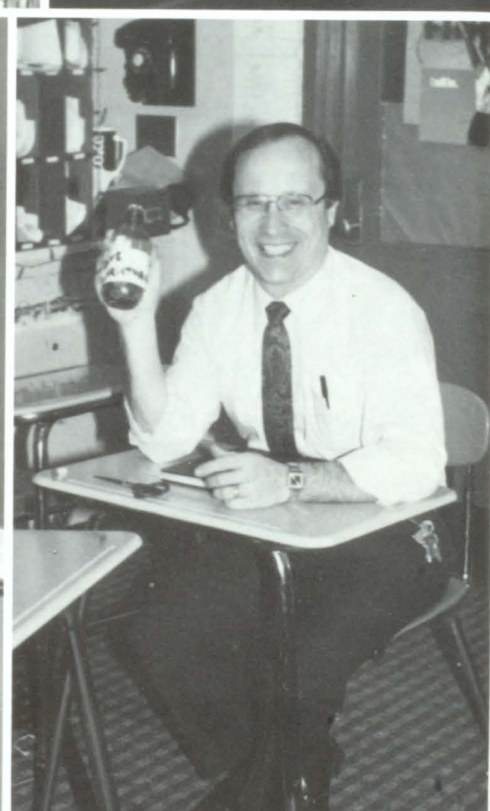

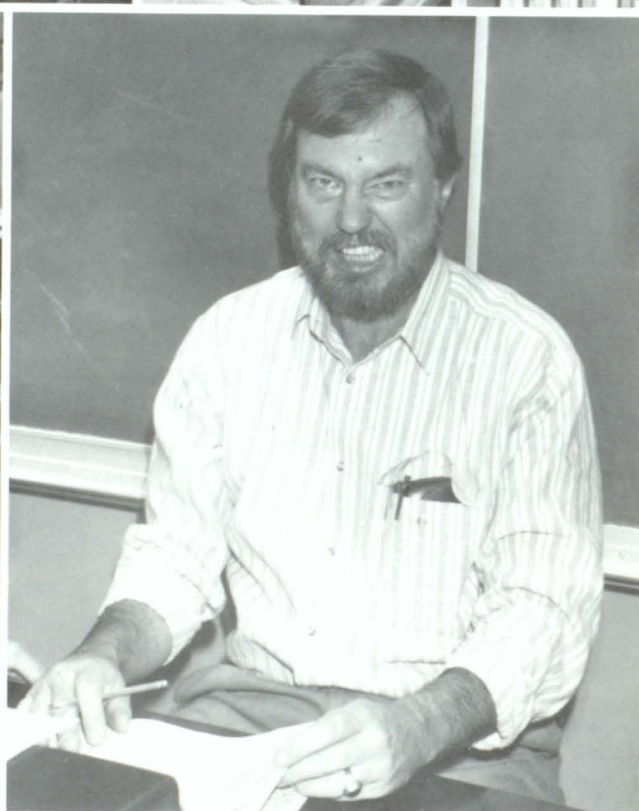

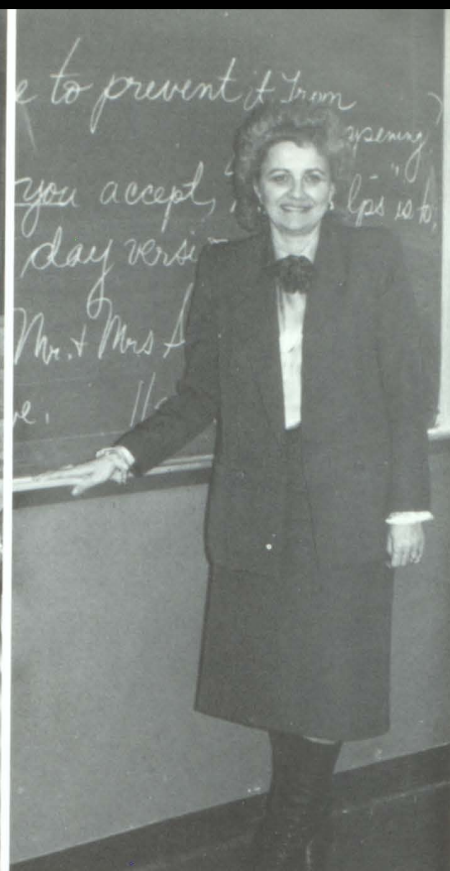

In the middle of a lesson is Mr. Pishko.

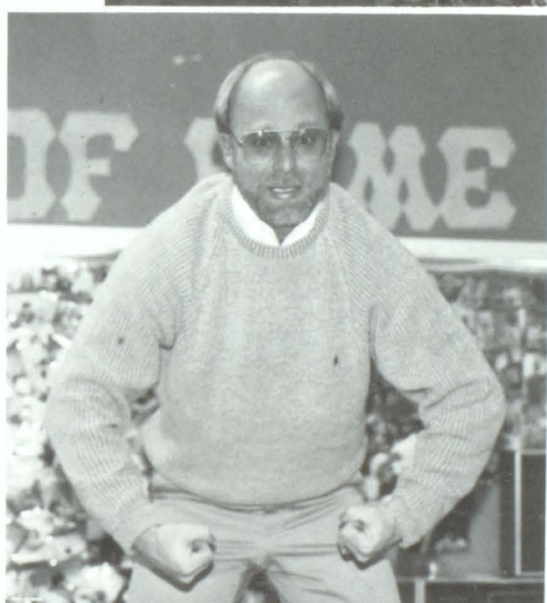

Business, Home Ec. and Industrial Arts are three categories of electives that students may wish to take in addition to their graduation requirements. The business department consists of Mrs. Brewer, Mrs. Marek, Mrs. Ong, Mr. Pishko, and Ms. Vela. Together they work to prepare students with business in their future to be successful. The teachers of Home Ec. are Mrs. Hamilton and Mrs. Murphy. They teach students, both women and men, the ins and outs of home making. Last but not least are the Industrial Arts Teachers, Mr. Jaske, Mr. Juse-la and Mr. Kirkpatrick. They are all teachers of working with your hands.

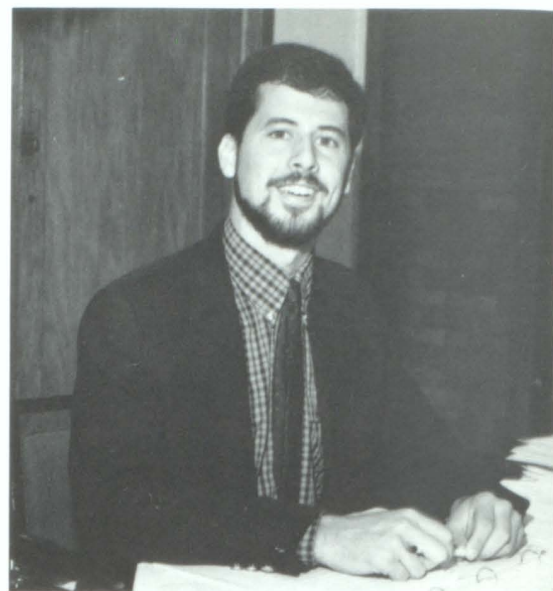

# ENGLISH TEACHERS ARE . . .

English, when most people think of taking an english class they think of learning how to speak properly, reading and writting. But the English teachers here at Dondero are unique, they give you a different perspective to english and a reason to study hard. Dondero English teachers are definetly a cut above the rest.

Mrs. Natke talks with her chalk.

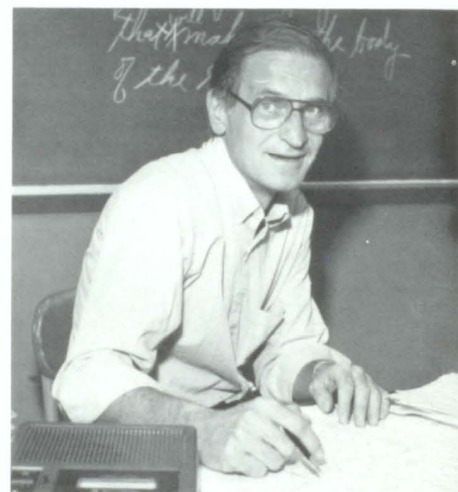

Looking good Mr. Walsh.

Ms. Brakeville is always there with a smile.

Mrs. Pearce, friendly as ever.

Mr. Ostrowski is forever grading papers.

Mrs. Schultheiss tries to help Brent Kowalske.

# EFFECTIVE EDUCATORS

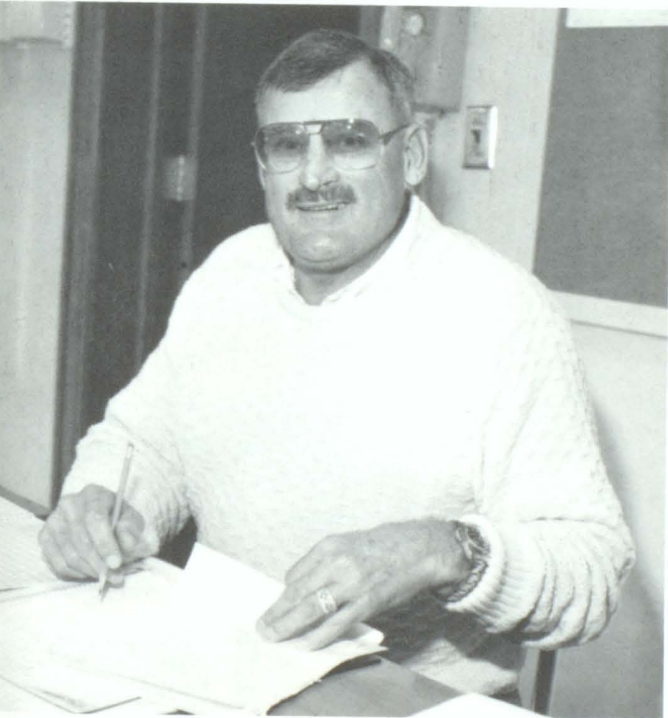

Ms. Whalin looks bewildered at the thought of teaching one more minute.

Mr. Streeter likes when people give him money.

Mrs. Scherschun takes a moment to grace us with a smile.

Mr. Maranda happily corrects papers.

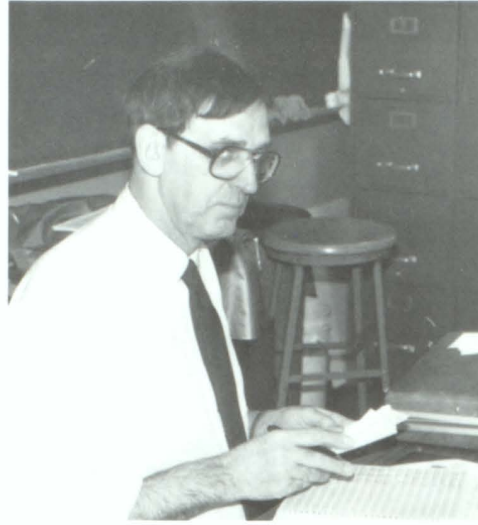

Mr. Rockwell takes a break from things that plug in.

# SOCIAL STUDIES

When you say social studies I'm sure many different things pop in your head. Social studies is made up of many different classes from History to Psychology. Each social studies teacher has a wide variety of classes to teach. It is a great possibility that an individual student may have the experience of being taught by every teacher in the social studies department.

Mr.Voegtler shows us his evil eye.

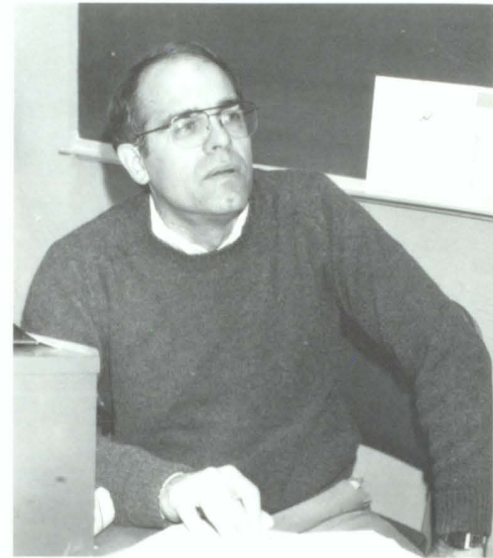

Mr.Charette gives the thumbs-up.

Ms. Frei tries to look sophisticated.

Yes, we're taking a picture of little old you, Mrs. Khachatryan.

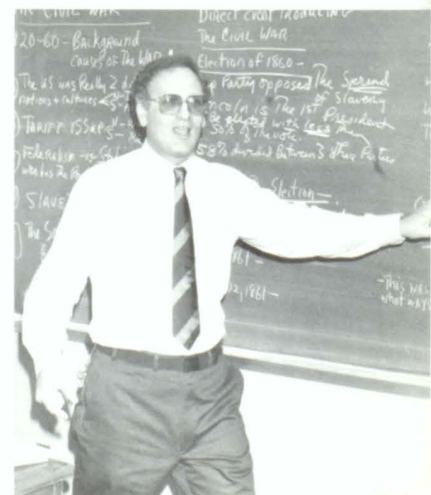

Mr.Noble is caught in a serious conversation.

Mr. Ivansco puckers up.

Ms.Crooks, why do you have to sit in the corner?

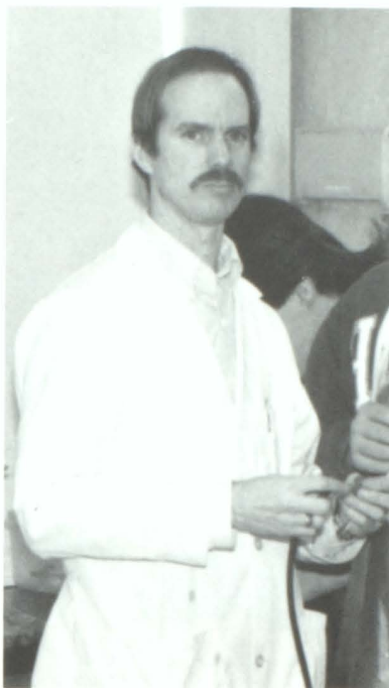

Don't get so excited, Mr.Cook.

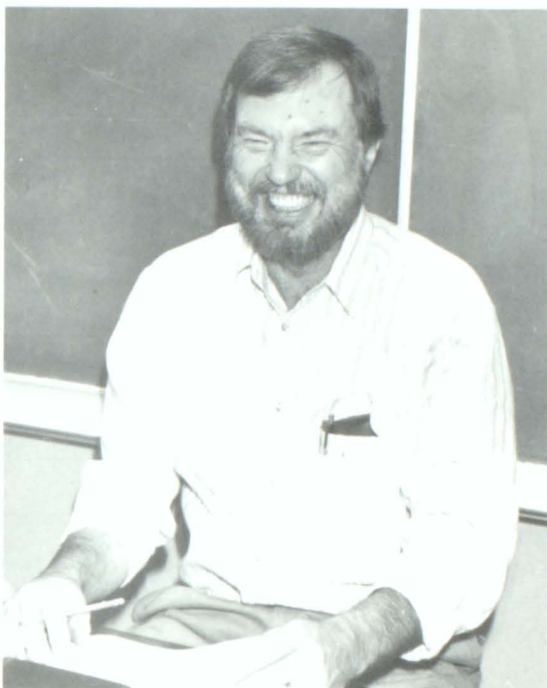

# SCIENCE

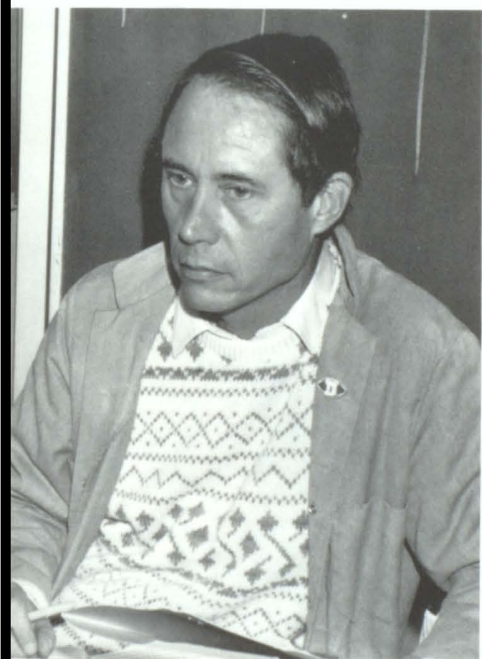

Mr. Fairfield isn't having much fun with his lab.

Mr. Smits finds his students quite amusing.

Mr. McElroy likes those skulls.

Mr. Bratton is daydreaming again.

Mrs. Tongring-Wilson gives her class an "A" for the day.

Mr. Weiss prepares to put yet another formula on the board.

It's quite hard to fit six science teachers in only five science classrooms, but it's something our science teachers do. Each hour you'll find a different teacher in a different classroom, but when so many students are taking classes, it's something the teachers are willing to do. All the teachers find it very exciting to see students interested in science so a little movement and confusion is no trouble for them.

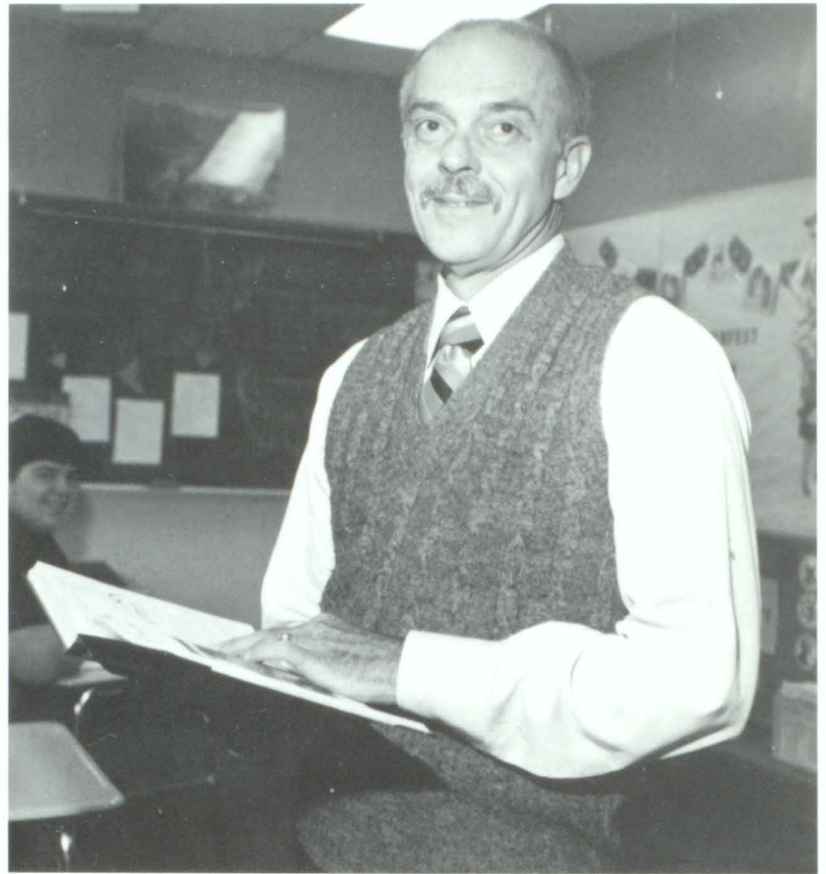

# LANGUAGES ARE FUN

Foreign languages here at Dondero are very important to many students. Now-a-days, colleges are requiring a year or more of a foreign language for admission. Therefore, more students are involved and they like it. Almost all the students who take Spanish, German, and French find it quite interesting and exciting. Along with their classes many belong to the clubs that go along with their foreign language.

Mrs. Sauer, looking lovelier than ever.

Mr Price, you should be in movies.

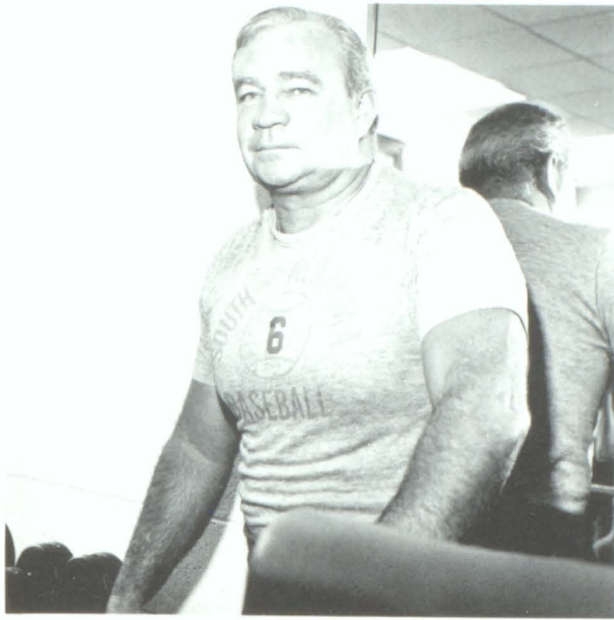

Mr. Solis, buried in your work again ?

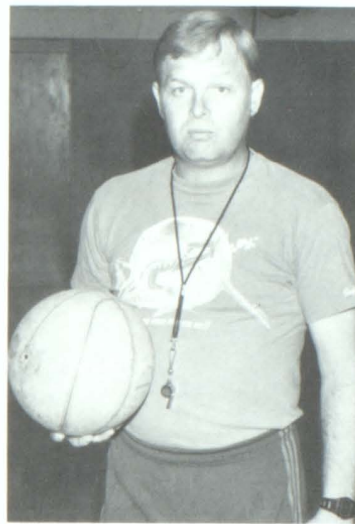

# MUSIC, ART AND GYM

Mr. White takes time out from pumping iron.

Mr. Swanson, let the other kids play too!

Mr. Horn is getting involved in his class.

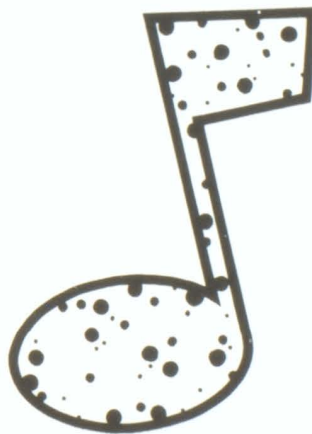

Ms. Fink likes hoarding the ball.

Mr. Hartsoe, caught with his mouth open again.

You're such a good conductor, Mr. McKenzie.

Music, art, and gym may sound like extracurricular activities but they are definitely hard work.

Mr. Hartsoe is known for his ten-page tests, while Mr. McKenzie and Mr. Perkins often get there students involved in competition outside of school that tends to take up quite a few Saturdays. The gym teachers give their students a good workout running or swimming everyday, and Mr. Horn cracks down on students who don't do their work. All in all, it's not a wise choice to take one of these classes for an easy "A".

# COUNSELORS, SPECIAL ED.

All the people shown here are wonderful and patient. They have the ability to handle special people and subjects, something that many of us cannot do. Each individual must work hard everyday in order to achieve what is expected of them. The counselors, Mrs. Bostwick, Mrs. Ferguson, Mrs. Parry, and Mr. Stemas, have what it takes to hold their positions here at Dondero. All of our special education and support personnel really live up to their titles, special and supportive.

Such a beautiful smile, Mrs. Ferguson.

Mrs. Parry, mid-counseling, smiles sweetly.

Mr. Steeby, what are you thinking ?

Mrs. Bostwick, isn't she lovely?

Mr. Stemas is good at organizing.

# AND SUPPORT TEACHERS

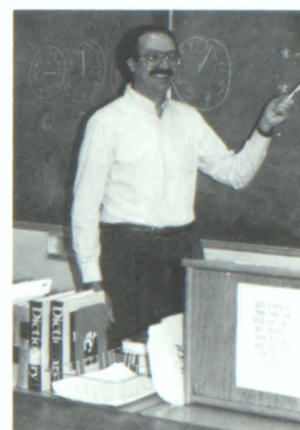

Mrs. Dubois is waiting for an answer.

Mr. Szyskoski is caught standing still.

Mrs. Morrison, no personal calls on the job.

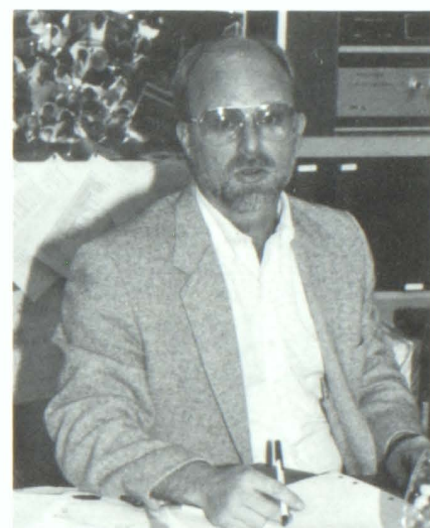

Mr. Caruso is thinking about the next vacation.

Mrs. Freeman gets ready for take-off.

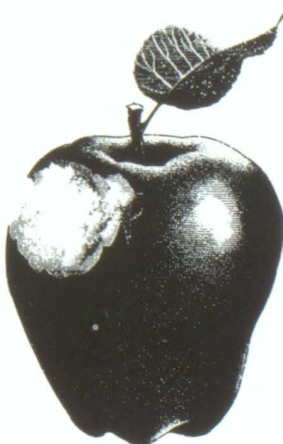

Mrs. Sweet likes to hand out assignments.

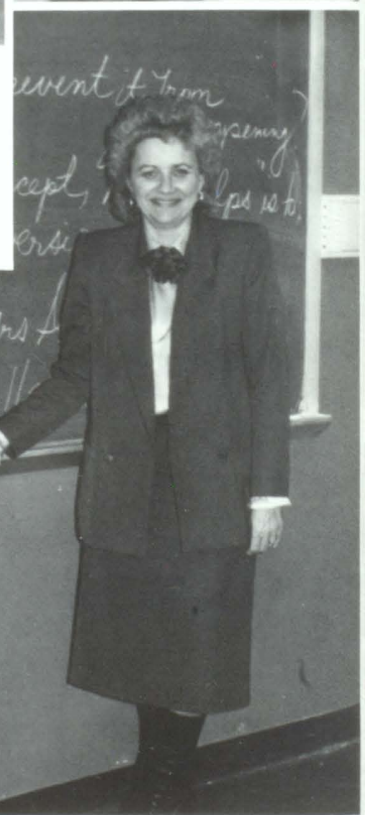

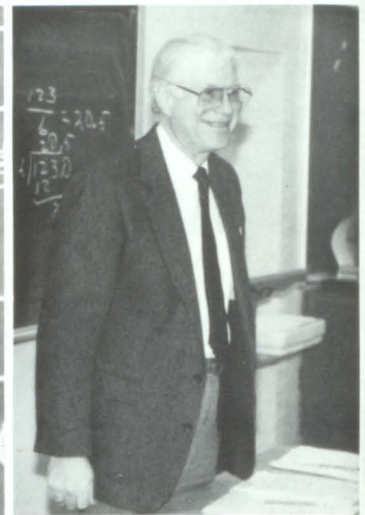

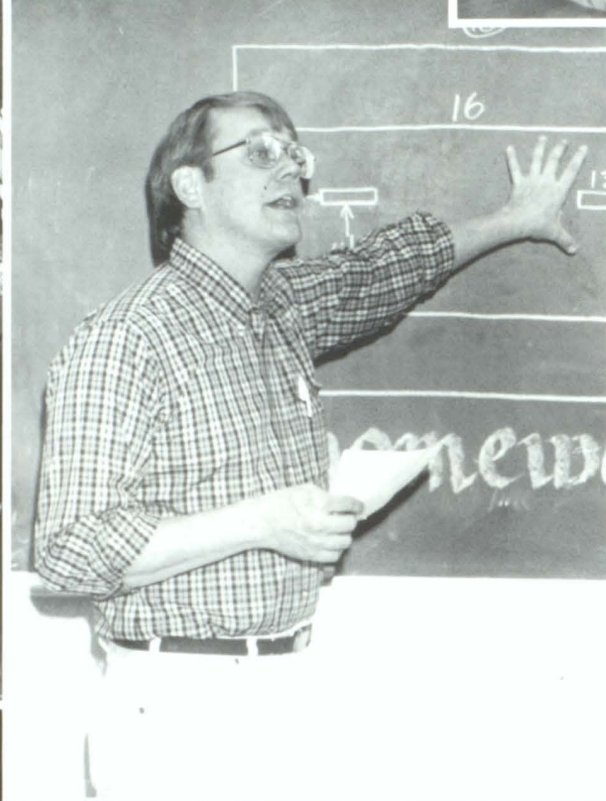

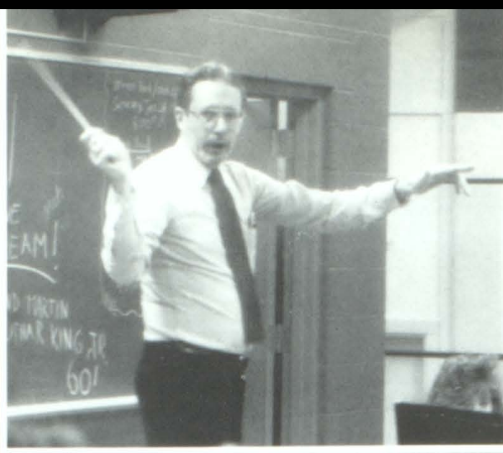

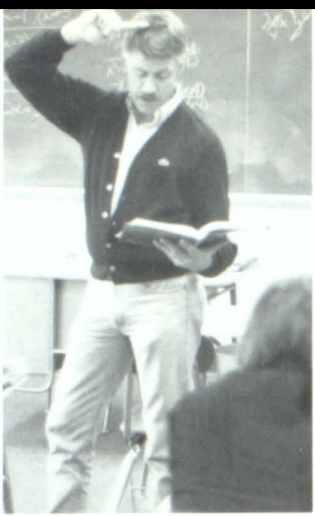

Mr. Asch looks like he needs a break from all his hard work.

BELOW: Mrs. Callahan takes a moment to shine.

BELOW: Mrs. Bloomfield is caught reading a magazine on the job.

Once upon a time . . . many youths stepped into the halls of Dondero with intense feelings of intimidation, anxiety, and rambunctiousness. They set out to accomplish their goals, working toward the day when they would receive that rewarding piece of paper — their diploma. Through all of the years of good and bad, and through the smiles and laughter, they experienced the feeling of unity and togetherness.

These youths who have grown up to become responsible women and men, belong to the Class of '89. We together have shared a bond of pride, spirit, and dignity. Like a fairytale, our high school days have come to an end, foreshadowing a happy future. In the years to come, may the Oak be there when you reminisce about the "best years of your lives."

On behalf of the Oak staff, I would like to thank our advisor Mrs. Schultheiss and Craig Talsma of Taylor Publishing for all of their inspirations and patience, and, of course, congratulations and best wishes to the class of 89.
