LEVEL UP YOUR LIBBY APP!

Expand your selection of books in the Libby app!

Over 230,000 unique titles available!

Royal Oak
PUBLIC LIBRARY

Our home collection is **Download Destination**.

With your valid Royal Oak Public Library card, you have access to more digital materials on Libby than just from Download Destination! We are in partnership with **fourteen** other consortium collections through Libby - with over 230,000 unique titles available!

- **Bay County Library System**
- **Genesee District Library**
- **Great Lakes Digital Libraries**
- **Lakeland Digital Library**
- **Metro Net Library Consortium**
- **Midwest Collaborative for Library Services**
- **Midwestern Michigan Library Cooperative**
- **Saint Clair County Library**
- **Southwest Michigan Digital Library**
- **Suburban Library Cooperative**
- **Traverse Area District Library**
- **Up North Digital Collection**
- **White Pine Library Cooperative**
- **Woodlands Library Cooperative**

Choose any of the libraries from the list and follow these steps in your Libby app:

1) Press the three bars button on the bottom menu in Libby:

2) Choose **Add Library**. Have your library card number and your PIN on hand: you'll need them to add the new consortium. **Hint:** if you can't remember your PIN, try the last four digits of your phone number in your library account! If this doesn't work, contact us and we can reset it.

3) Enter a consortium name from the list and select that collection when it displays in the search results.

4) Libby will then go to the home screen of this new collection. Select **"Sign In With My Card."**

5) In the **"Partner Libraries"** section select Royal Oak Public Library and then enter your library card number and PIN.

Partner Libraries

With a few limitations, your cards at some partner libraries can be used here too.

DD - Royal Oak Public Library

ROPL

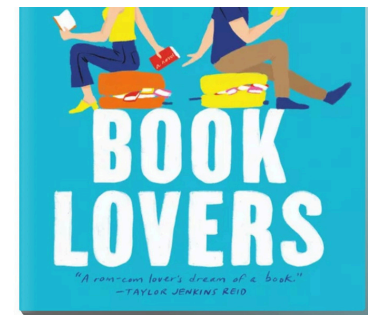

That's it, you've added your first new collection!

Repeat this process for each additional collection you'd like to add. You can borrow material from all 14 consortium collections! A complete list of borrowing limits is found on the back of this sheet.

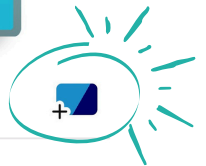

Plus, you can check which consortium owns an item and compare wait times, all while browsing titles!

1) Select a title from your search results. Add additional consortiums to your account **before** you search so copies owned outside Download Destination become available to you.

2) Select the small library card icon next to the **Borrow** button.

Borrow

3) A list of the consortiums you added will pop up. You can expand this, and then see how many copies are available - or how long the wait is - at each of our partners, then borrow it!
