A COMMUNITY COLLABORATION:

PARKS & RECREATION

Letter from the Parks & Recreation Director

Dear Royal Oak Community,

As the leaves begin to turn and we welcome the crisp days of fall, I'm excited to share what's ahead in this season's Fall Insight. Autumn is a time for fresh starts and renewed energy—and nowhere is that more evident than in the exciting transformations underway at our Mahany-Meininger Senior Community Center.

The Senior Center closed on June 25 for a much-anticipated renovation that promises a brighter and more welcoming space for all. We can't wait to welcome you back to an improved facility featuring:

- Fully renovated restrooms
- New flooring and ceiling tiles
- Fresh paint and lighting
- Upgraded front desk
- A new generator and electrical system enhancements

We deeply appreciate your patience and support as we enhance the Center to better serve the community. Our dedicated Senior Center staff remains available to assist you at the Royal Oak Public Library, Monday through Friday, 9:00 am - 4:30 pm, or by phone at 248-246-3900. The project is expected to be completed by the end of August.

Meanwhile, we're bringing the fun outdoors! Join us for the **Health & Housing Summer Fest** in partnership with Oakland County on Tuesday, August 5 from 11:00 am - 2:00 pm at Normandy Oaks Park. Enjoy a lively event with a bounce house, backpack giveaways, free health screenings, vaccine clinics, and more. See page 3 for more info.

Starting this season, we're excited to introduce **Priority Registration for Residents**. Residents will now have exclusive access to register for programs two weeks before non-residents, giving them the first opportunity to secure their spot.

I invite you to explore all the offerings in our guide – from classes and athletics to special events that bring our community closer together. Thank you for letting us be a part of your lives and memories. We look forward to seeing you out in the parks and back in our refreshed spaces soon.

Sincerely,

Nicole McEachern, MPA, CPRP, CPO

Parks & Recreation Director

Senior Center Staff are available at the Royal Oak Public Library, Monday-Friday, 9:00 am-4:30 pm.

Premiere Plus Royal Oak Dance

Fall 2025 - Spring 2026

Session 1: Sept. 9 - Dec. 18 • Session 2: Jan. 6 - May 9, 2026

Dress Rehearsal: TBD | Recital: TBD

Students must participate in both sessions to perform in recital!

Theme: "Live, Laugh, Love, Dance!"

Join us this dance season to celebrate life, laughter, and love through dance! No matter which class you choose, each class will be full of love and laughter while we strengthen our technique and expression through movement. We have tap, jazz, and lyrical classes all waiting for your dancer. No matter the age or dance experience, we have a class for you! As always, we can't wait to dance with you to multiple songs from the show, bringing this provincial life to the big stage! No matter the age or dance experience, we have a class for you! As always, we can't wait to dance with you!

This full school-year program runs in two sessions. An invoice for Session 2 will be sent in late December. Classes take place at the Salter Community Center and require a minimum of 8 students. Visit royaloakrec.recdesk.com to register and view class descriptions.

Mark Twain Dog Park FOBS

Dog Park applications are available on our website at www.romi.gov/542/Dog-Park-Membership-Renewal or in person at the city clerk's office. The application and waiver must be filled out and brought into the city clerk's office in order to process. Owner must show proof that all shots for their dog are current (Bordetella, Distemper, Parvovirus and Rabies) and non-residents must also show a copy of their dog's current license. The fees for first time applicants are \$50 for residents and \$75 for non-residents. If you are renewing your dog park FOB and return the old FOB, the yearly fees are \$40 for residents and \$65 for non-residents. If a FOB is lost and needs to be replaced, there is an additional \$10 fee. FOBS expire one year from the original application date. If there will be additional handlers in the household using the FOB, they must sign a waiver as well.

Dog Licenses

Dog Licenses are available in the clerk's office. All dogs must be licensed by their owner (City Ordinance § 195-10). A copy of the dog's rabies certificate is required in order for the license to be issued, as well as proof of spaying or neutering. The licenses are issued according to the expiration of the rabies vaccination. A three-year license is \$20 for dogs that are spayed or neutered. A three-year license for dogs that are not spayed or neutered is \$40. There is a \$20 late fee if the dog license is renewed more than 30 days after the expiration of the current license. Residents who are 60+ receive a \$2 discount on dog licenses. You may now apply for dog licenses online at www.romi.gov/179/Licensing-Dogs

Great Lakes Live Steamers

The Great Lakes Live Steamers provides free miniature train rides in the Starr Jaycee Park on the first full weekend of every month from May to October, starting at 12:00 noon until 4:00 pm. All ages are welcome. Children must be accompanied by an adult to ride. Though rides are free, donations are appreciated to maintain the track and trains.

Royal Oak Nature Society

Protecting Our Nature Parks and Educating the Community

The Royal Oak Nature Society is a volunteer group working with the city to maintain and improve Royal Oak's two nature preserves, Cummingston Park & Tenhave Woods. Dogs are not allowed inside either Tenhave Woods or Cummingston Park. The Nature Society is also developing the Fred A. Erb Arboretum behind the Senior Center. If you are interested in joining the conservation effort or just need more information, please phone us at 248-246-3380 and leave a message, e-mail us at naturesociety@romi.gov, mail us at: Royal Oak Nature Society, 1600 N. Campbell Rd, Royal Oak, 48067 or check out our website at www.romi.gov/nature. You can also find us on Facebook. Check www.romi.gov/411/Nature-Walks for park trail maps, park locations, plus where to meet for nature walks and park programs.

Speaker Programs

At our speaker programs, we present speaker programs that are usually Power Point presentations focusing on various natural history topics. If you watch nature programs on PBS or the Discovery Channel, this is better because you can talk with the speakers afterwards and ask questions. There is no cost and registration is not required. Programs are held on Thursdays at the Royal Oak Historical Museum (1411 W. Webster) and begin at 7:00 pm. At present, there are no Nature Society speaker programs scheduled. When they do get scheduled, they will be posted on our website.

Friends of Fungi Mycology Club

The Friends of Fungi Mycology Club will meet on **Thursday, November 13** at the **Royal Oak Historical Museum** (1411 Webster, just west of Crooks Rd.) beginning **at 7:00 pm**. Lorenzo Piccolo will be doing a program entitled "Ascomycota Fungi of Michigan." Everyone is welcome to come. There is no cost and registration is not required..

Nature Walk Schedule

There is normally at least one naturalist lead walk per month with additional ones added during the spring wildflower and fall color seasons. The walks take place at Cummingston Park, Tenhave Woods and the Fred A. Erb Arboretum. An emphasis is put on understanding the different forest types found in our parks. Further information is given on individual plant and animal species, geology, and human history of the area. There is no cost, and registration is not required for our nature walks.

Residents Can Help Make Leaf Collection Go Smoothly

The large number of trees in Royal Oak makes leaf collection a major task. To make it happen, the department uses 12 dump trucks, two sweepers and a front-end loader with a clam bucket with crews working long hours to cover the 414 miles of streets twice during the pick up season.

The City has to wait until late October to begin the process to make sure most of the leaves are down. Since the schedule is very tight, we need all the help we can get from our residents.

No Street Parking

Royal Oak will post signs on neighborhood streets, just off major thoroughfares, notifying residents that leaf pickup will be in the neighborhood the following day. The signs ask residents to **park their cars off the streets** because cars at curbside can slow down the trucks and make it impossible to pick up leaves in front of and on either side of the residence where the car is parked.

It's important to be considerate of your neighbors. A parked car left on the street doesn't just affect one house. The trucks have to go around and sometimes they can't pick up the neighbors' leaves. Temporary no-parking signs are available at the DPS office at 1600 N. Campbell (east side of Campbell, south of 12 Mile Rd.), Monday-Friday, 7:30 am - 4:00 pm.

When

Schedules are available at the DPS, on Cable Comcast (channel 17) and WOW (channel 10), and on the city's web page, www.romi.gov. Schedules and updates are also available by calling the DPS during business hours, Monday-Friday, 7:30 am - 4:00 pm, at 248-246-3300 and selecting option 2 then option 1.

Please Help

Just as important as keeping cars off the streets on leaf pickup days is removing sticks, rocks, pieces of wood and other hard objects from leaf piles because they can damage propellers in the leaf vacuums which disables them and causes delays in pick up.

Where They Go

Royal Oak leaves go to the Southeast Oakland County Resource Recovery Authority's (SOCRRA) compost facility in Rochester Hills where they are turned into humus-rich compost. The compost is offered to residents in SOCRRA member communities, including Royal Oak, for use as compost.

Other Ways of Disposal

Leaves or any soft yard waste including woody material up to 2" in diameter may be placed at curbside in 32 gallon cans with a yard waste decal facing the street or brown paper landscape bags. They will be picked up on your regular rubbish day (until the third week of December) – set to curb by 7:00 am. Bags and cans must weigh less than 40 lbs.

Reminders:

- Residents are requested to rake leaves into the edge of the roadway in windrows.
- Do not make the piles larger than 3 feet high and 4 feet wide.
- Please keep all sticks, rocks and other debris out of leaf piles.
- Do not park your car on or near the leaves (Trucks need at least a "house length" after a parked car to get near the curb.)
- It is important not to wait until your scheduled day to rake out your leaves. Do not rake leaves just ahead of the crews and expect them to wait for you.
- If by chance the City does run ahead of schedule, a truck will be by on your scheduled day.
- Residents may call the DPS at 248-246-3300, option 2 then option 1, to get any updates.
- Residents should note that schedules are subject to change due to mechanical breakdowns or other factors beyond the City's control.
- Work with your neighbors to make sure there are no parked cars on the street to get in the way of the trucks.

After Leaf Pickup

After December 19, 2025 leaves and yard waste will NOT be picked up either curbside or on your regularly scheduled refuse day. Either hold onto yard waste until the program begins April 6, 2026 or residents will be allowed to take a limited number of bags to SOCRRA between December 22, 2025 and March 30, 2026 for disposal.

Please call (248) 288-5150 for more information.

Tentative 2025 Leaf Pick-up Schedule

Residents should note that schedules are subject to change due to weather conditions, mechanical breakdowns, or other factors beyond the City's control. If collections are ahead of schedule, a truck will still be down your street on your regularly scheduled pickup day. Please note that clear or colored plastic bags are no longer acceptable for yard waste, including leaves. Be sure to use the appropriate container. If a resident's scheduled leaf pickup day coincides with their garbage collection day, please place trash bins behind the curb – not in the street – to avoid obstructing leaf collection efforts.

Refuse collection is not affected by any other holidays or when the above holidays fall on a weekend.

Refuse – Put household materials in the blue 64-gallon city issued trash cart. You may continue to use 20-to-32-gallon containers (max. size) or in 13-to-30-gallon plastic bags. Put all trash at curb by 7:00 am. Non-city issued cans and bags cannot weigh over 40 lbs. Containers under 20 gallons will be considered expendable and may be thrown out with the trash. Yard waste cannot be mixed with trash at any time due to state law.

Recyclables – All plastic if it is a container; all glass bottles, jars; metal cans/pie tins/empty aerosol cans; newspaper; magazines, catalogs, paper, mail, paperback books, food/beverage/drink/juice boxes, paper cups; phone books; (flattened) corrugated cardboard; paperboard. Place everything loose in recycling bin/toter and set at curb on refuse day before 7:00 am. Material cannot stick out of the toter/bin. **No styrofoam or batteries at curb. These items must be dropped off at SOCRRRA by appointment.**

Yard Waste (when in season) – Picked up curbside from early April through mid-December: Yard waste is converted into compost at SOCRRAs compost facility in Rochester Hills. Yard waste may be placed in a 32-gallon container, clearly marked with a "Yard Waste" sticker fac-

SOCRRRA

995 Coolidge Hwy, Troy 248-288-5150 socrra.org

Drop-off accepts: All acceptable curbside recyclables; unflattened, unbundled cardboard; automotive and household batteries; paperback and hardcover books; all paper (except carbon); used clothing; screw-off lids/caps; styrofoam (no peanuts).

ing the street (stickers are available at some city offices) or a 30-gallon paper yard waste bag. Containers or bags cannot weigh more than 50 pounds each. Plastic bags are not acceptable. **Yard waste cannot be mixed with trash at any time.**

Brush (less than 2 inches in diameter and under 4 feet in length) can also be bundled with twine for yard waste collection.

During the off season, either hold on to your yard waste bags until the program begins again or residents can take up to 10 paper bags to the SOCRRRA Transfer Station at 995 Coolidge Road in Troy at no charge. (No contractors or landscapers, please.)

Tree Trimmings & Shrubs – Tie woody material between 2"-5" in diameter in bundles up to 4' long (with a max of 15" in diameter combined) weighing no more than 40 lbs. each (under 2" SEE YARD WASTE). Set at curb with trash by 7:00 am of refuse day OR contact a private tree company (the city's recommended chipping contractor is JH Hart, 586-795-5581).

Curbside Leaf Collection begins early November. Rake leaves into the street according to city schedule. For pick-up schedule, check Insight, WROK Cable (Channel 17 or 10) or the city's website at www.romi.gov.

Broken Glass – Wrap in heavy paper or place in cardboard box or metal can with lid and mark as broken glass. Put with regular refuse NOT in recycling bin/toter.

Appliances (refrigerator, stove, hot water tank, etc.) – Set at curb on refuse day by 7:00 am. In an apartment, cul de sac or dead end street, call DPS the day before your pickup at 248-246-3300. Remove doors on refrigerators and freezers and place to side (state law).

Carpeting & Padding – Roll and securely tie no longer than 4' in length and weighing no more than 40 lbs. per bundle. Set at curb with trash by 7:00 am on refuse day.

Latex Paint – Remove lid and allow to harden or add kitty litter or sand to absorb liquid; set at curb on refuse day with lid removed for pickup with trash. Or chip out dried paint, rinse can and put in recycling with lid removed. Oil-based paint is hazardous, please take to SOCRRRA for disposal. Refer to Hazardous Waste for hours.

Excluded Curbside Items – The following items are **NOT** acceptable for curbside collection: Liquids, radioactive items, flammable products, explosives, infectious materials, asbestos insulation, tires, hazardous waste, engines, transmissions, rear axles, construction items, loose items such as bricks or concrete (even if it's attached to something). These materials must be disposed of privately. See www.socrra.org or call 248-288-5150 for locations, hours, rates and procedures. Limited amounts of construction items from home occupant's personal repair or remodeling are acceptable. However, items cannot be longer than 4' in length, must be bundled and weigh less than 40 lbs. per bundle.

What's Lost in a Leak?

Water is Precious – Use It But Don't Waste It

One of the more common causes of water waste is the leaky faucet. Though it can be seen, the amount of water that can be wasted by such a leak is seldom appreciated. Toilet leaks are common too, and they are a little more difficult to detect. The escape of water from tank to bowl is often so slow that the movement of the water is not discernable. A quick check can be made by dumping some laundry bluing in the tank after it has filled and become quiet, and watching for its appearance in the bowl. Even if no leak is detected, the test should be repeated, as such leaks are often intermittent.

Outside the house, too, leaks often remain undetected because the water they waste soaks into the ground. Outside fixtures or underground pipes are often guilty of such undetectable leaks, as are garden hoses and similar equipment when left attached.

If you have reason to suspect a leak, your meter furnishes you with an excellent checking device. To make a leak test, turn off all faucets and other water outlets, and keep watch on the hand of the one-cubic-foot or a flashlight on the meter face for ten or fifteen minutes. If the hand continues to move or there is water use recorded on the meter face, you will know there is a leak. You can measure the size of the leak by timing the hand or taking a timed beginning and ending reading from the meter to see how long it takes to waste a given quantity. If a hidden leak is indicated, call your plumber immediately. You will save money by having the wasted water stopped at once. If the leak is wasting a considerable quantity, you may want to consider shutting off the water at the meter while you are waiting for repairs.

| Waste per quarter at 60 psi water pressure | | | |
|--|-----------|------------|--------------|
| Diameter of stream | Gallons | Cubic Feet | Cubic Meters |
| 1/4" | 1,181,500 | 158,000 | 4,475 |
| 3/16" | 666,000 | 89,031 | 2,521 |
| 1/8" | 296,000 | 39,400 | 1,115 |
| 1/16" | 74,000 | 9,850 | 280 |

A continuous leak from a hole this size would, over a three month period, waste water in the amounts shown above.

Help Protect Our Environment: Keep Drains Clear of Fat, Oil & Grease (FOG) and Flushable Wipes (FW)

Fat, oil and grease (FOG) and Flushable Wipes (FW) in sewer pipes can create severe pollution and sewer problems in our City. FOG & FW enters sewer pipes through restaurant, residential and commercial drains. Once in the sewer, FOG sticks to the pipes and thickens which can build up and eventually block the entire pipe. FW can easily get stuck on FOG and other items within the sewer pipe compounding the problem. Blockages can send sewage backward – out of manholes into streets, rivers or into homes.

Impact of FOG & FW

Preventing sewer backups from FOG & FW blockages saves residents money and protects the environment. When sewer pipes on private property back up, the homeowner is responsible for the cleanup. If you regularly pour grease or FW down the drain, it will form a blockage in the sewer pipe which then backs up through floor drains, toilets and/or at the lowest point in the house. A plumber will have to be hired to clean the sewer and possibly repair plumbing inside the home.

Sources of FOG

Fat, oil and grease are by-products of cooking found in: food scraps, meat fats, lard, cooking oil, butter, margarine or shortening, etc.

"Flushable" Products

Wet wipes, which are used for everything from wiping babies' bottoms to removing makeup to quick house cleaning are labeled "flushable." The problem is they're really not ~ at least not the way toilet paper is. They may be flushable, but they are not biodegradable (like toilet paper) and are clogging sewer systems across the state and country. The phenomenon, which local officials call ragging, is causing major clogging problems. All it takes is one wipe to catch on a tree root or any other debris in the sewer system and then wipes or other items pile on each other causing a blockage. If residents think "out of sight, out of mind, it's not my problem" they are mistaken. If a main sewer line gets dammed by a pile of wipes, then eventually it will back up into private sewer lines which will cause a back-up in people's homes. Unfortunately, the most frequently found items in sewer systems are paper towels/napkins, baby wipes, feminine hygiene products and household wipes which don't deteriorate like toilet paper does. The only items that should be flushed is toilet paper and human waste; please throw everything else in the garbage.

Keep Drains Clear by Following These Tips

1. Pour or scrape greasy or oily food waste into a container or jar.
2. Allow grease to cool/freeze in a container before throwing in the trash.
3. Mix liquid vegetable oil with an absorbent material such as cat litter or coffee grounds in a sealable container before throwing in the trash.
4. Keep drains clean by pouring 1/2 cup baking soda down the drain followed by 1/2 cup vinegar. Wait 10 – 15 minutes and then rinse with hot water.
5. Do not put any flushable products down the drain, please throw in the trash.

Drinking Water: We Need Your Help

The City of Royal Oak, along with state and federal agencies, has taken extra precautions to protect our water systems. But we need help from residents and business owners to keep our drinking water system safe.

If anyone observes someone tampering with and/or opening a fire hydrant, manhole lid, etc., who does not appear to be a City employee, please call the Department of Public Service immediately at (248) 246-3300, if the incident occurs between 7:30 am and 4:00 pm, Monday through Friday, and the Royal Oak Police Department at (248) 246-3500 any time thereafter.

Our goal is to continue to provide pure and wholesome water to our community. We know that we can do that with your help.

What to Do About Sewer Problems

Residents who experience sewer problems should call the Department of Public Service immediately at (248) 246-3300 during regular working hours (7:30 am - 4:00 pm) Monday - Friday or the Police Department at (248) 246-3500 any other time. A Sewer Department representative will respond to your emergency. If the problem exists in the main sewer line, a City crew will clear the line. If the problem is in the property owner's sewer line, it is the homeowner's responsibility to call either a plumber or a sewer cleaning company. For full details on water and sewer emergency procedures, consult the City's website at www.romi.gov.

Residential Cross Connection Control Program

The City of Royal Oak is required under Public Act 399, Part 14, to maintain a cross connection control program to identify and eliminate any possible connections that could contaminate the public water system.

To fully comply with this state mandate, the city has contracted with HydroCorp of Troy, MI to assist with facilitating a Cross Connection Control Program.

Inspectors from HydroCorp will be in Royal Oak neighborhoods reviewing exteriors of homes for connections that could possibly contaminate the water distribution system. A typical site visit lasts approximately five minutes and the inspector will be looking at exterior garden hose connections, lawn sprinkler systems, and any other water sources.

There are no fees for the inspection; however, in circumstances where cross connections exist, any costs associated with the replacement, modification, installation and/or testing of backflow prevention assemblies remain the obligation of the homeowner.

The city's website has answers to frequently asked questions regarding the Cross Connection Control Program at www.romi.gov/ccc. Informational brochures may also be picked up at the Royal Oak Public Library and at City Hall.

Additionally, residents may call HydroCorp directly at 1-800-690-6651 or email residential@hydrocorpinc.com. You can visit HydroCorp's website at www.hydrocorpinc.com/resources/faq.

Reporting Streetlight Outages

Streetlights connected to a wooden pole should be reported online to DTE at <https://outage.dteenergy.com/outdoor-lights>. Please be aware that DTE policy allows a two-week response time once the problem has been reported to DTE. In cases where a pole has been knocked down or if there is any other emergency, please call DTE Energy at 800-477-4747.

Streetlights on a metal pole should be reported to the City of Royal Oak Department of Public Service by emailing DPS@romi.gov or by calling at 248-246-3300 Monday - Friday, 7:30 am - 4:00 pm. Please have the following information ready when calling:

1. The specific streetlight location (i.e. the nearest cross streets, nearby address, etc.).
2. The streetlight pole number (if possible).
3. Details about the outage (i.e. light out, light turns on and off, light stays on during the day, etc.)

FREE Street Tree

Royal Oak residents have the opportunity to help expand the tree canopy by requesting that a tree is planted in the easement in front of their home! The form may be filled out online at romi.gov/tree-program-2025. After submitting your tree request, a City Arborist will review the planting site to ensure there is sufficient space before planting. City of Royal Oak Home Improvement Program

Loans and grants are available through the City's Housing Office to help qualified homeowners repair their homes. The Home Improvement Program is intended to maintain and improve the City's neighborhoods by helping low- and moderate-income homeowners make necessary repairs. Eligible applicants must be the owner and occupant of a single-family home in the City of Royal Oak with a household income within the established guidelines.

INSTALLMENT LOANS/FORGIVABLE LOANS: Regular monthly installment loans up to \$50,000 with 0% interest require applicants to be the owner and occupant of a single-family home with a total household income that does not exceed the following:

| Family Size | Max. Income | Family Size | Max. Income |
|-------------|-------------|-------------|-------------|
| 1 | \$56,600 | 4 | \$80,800 |
| 2 | \$64,650 | 5 | \$87,300 |
| 3 | \$72,750 | 6 | \$93,750 |

DEFERRED LOANS: Homeowners may be eligible for a deferred loan up to \$50,000. These loans have a interest rate of 3%, interest starts when payment begins. The loan becomes due for a period of time as determined by the Loan Committee. Applicants for deferred loans must have a household income that does not exceed the following:

| Family Size | Max. Income | Family Size | Max. Income |
|-------------|-------------|-------------|-------------|
| 1 | \$35,350 | 4 | \$50,500 |
| 2 | \$40,400 | 5 | \$54,550 |
| 3 | \$45,450 | 6 | \$58,600 |

Forgivable loans are available for qualified exterior work up to \$15,000, the income qualification is the same as the installment loan.

The City assists determining the work necessary to selecting a contractor. Applicants are not required to put money down or pay fees usually charged by private lenders. Mortgages and Liens are placed on the property.

Home improvements are to correct health and safety violations, provide for structural preservation, energy conservation or handicapped access. The program is also equipped to address lead-based paint hazards. These are some eligible improvements:

| | |
|--------------|---------------------------|
| ROOF | PLUMBING/SEWER |
| SIDING | FURNACE/ AIR CONDITIONING |
| WINDOWS | ELECTRICAL UPDATE |
| INSULATION | KITCHEN UPDATE |
| PORCH REPAIR | BATHROOM UPDATE |
| DRIVEWAY | BASEMENT WATERPROOFING |

The City maintains a list of qualified general contractors who are responsible for all of the trades involved in residential construction. The program will provide a loan or grant up to the amount of the lowest, viable bid.

A PLAN FOR ROYAL OAK

Today, Tomorrow, 2050

On May 19, 2025, Royal Oak's City Commission unanimously adopted its *Master Plan, 2050*, the key guiding document for development and projects within the city. Four years and 5,000+ community engagement touchpoints in the making, the plan looks ahead more than 20 years, considering best practices in land use, where and how the city should grow, and any changes that may be needed to support future residents.

You may wonder: Royal Oak is such a great city as it is... why do we need a plan to change it? The reality is that cities change constantly; having a successful master plan allows our city to change in thoughtful ways. It's about being proactive, setting goals, and creating a community that serves the needs of residents—versus reacting to change as it occurs.

Balancing Preservation & Change

A master plan isn't simply about making changes: it's an intentional balance between celebrating the existing character of the city with finding ways to foster and grow to meet the needs of a changing community.

View the master plan in its entirety at
www.romi.gov/301/Master-Plan

This master plan celebrates the city for its vibrancy, livable neighborhoods, active downtown, rich greenspaces and parks, progressive policies (for sustainability, climate action, aging in place, and more), and for being one of the most walkable and bikeable cities in Metro Detroit. However, it also highlights opportunities for improved safety and navigation, development of walkable main street districts more easily accessible from the city's neighborhoods, and additional housing that meets the demand in thoughtful and predictable ways.

Master Plan Goals

The best way to put a plan into motion is to set meaningful, actionable goals—and that's exactly what has been done in Royal Oak's master plan.

REINFORCE THE CITY'S STRUCTURE

Retain and refine the historic structure of Royal Oak by more clearly defining the character of places throughout the city, reversing the problems caused by use separation and car-centric design in the late 20th Century, and coordinating the city, developers, and business owners in a shared future vision for Royal Oak.

Action items include:

- Adopting the Future Land Use Map, with a focus on preserving the scale and character of existing neighborhoods.
- Adopting a Unified Development Ordinance to streamline zoning and align policies with the Future Land Use Map.
- Developing a Downtown Master Plan to enhance vibrancy and support new housing and business growth.

ADVANCE SUSTAINABILITY AND CLIMATE ACTION

Implement the Sustainability and Climate Action Plan, advance Royal Oak as a regional and statewide leader in sustainability, and utilize land use and transportation policy to reduce transportation-related emissions, furthering the city's sustainability goals.

Action items include:

- Increasing public education and outreach to support energy efficiency, sustainable landscaping, water conservation, and more.
- Creating a Tree Canopy Plan to identify and improve areas needing more tree coverage, with a focus on neighborhood greenways and safe routes to schools.
- Implementing stormwater solutions such as integrating stormwater solutions into parks and open spaces and identifying problem areas for ponding during major storms.

PROVIDE MORE HOUSING OPTIONS

Accelerate market-based solutions that provide greater housing type diversity and housing supply, to provide housing options for every stage of life, and to provide for attainably-priced housing to the extent feasible under Michigan law.

Action items include:

- Developing a plan to transform Delemere Boulevard into a main street with enhanced streetscapes, wider sidewalks, street trees, and improved lighting.
- Promoting, encouraging, and partnering to provide senior and affordable housing.

PRESERVE AND ENHANCE THE NEIGHBORHOOD CHARACTER

Enhance Royal Oak's high-quality neighborhoods by preserving their existing character, adding to existing qualities in places they are lacking, and improving access to parks and existing neighborhood-scaled retail areas.

Action items include:

- Updating the Recreation Plan to improve equitable access to park amenities; create wellness circuits linking parks, neighborhood centers, markets, and schools; and add seating, walking paths, recycling bins, bike racks, repair stations, and lighting to parks.

REINFORCE ACTIVITY CENTERS

Provide residents and visitors with significant destinations for shopping, dining, services, and entertainment that are diverse in character and distributed throughout the city.

Action items include:

- Improving public transit access by collaborating with SMART and Oakland County to enhance services by adding key stops, improving routing, and reducing wait times, supported by new transit funding.

INCREASE MOBILITY ACROSS THE CITY

Ensure that people who walk, roll, bicycle, drive, or use public transit are well accommodated throughout Royal Oak by optimizing and expanding shared and dedicated facilities, making streets safe for everybody, and connecting the city's many destinations

Action items include:

- Revising the Non-Motorized Transportation Plan to enhance pedestrian and bicycle access and create safer crossings on major streets.
- Addressing mobility needs specifically along major roads, where improvements may be restricted by traffic volume and physical limitations.
- Providing public parking outside of downtown to encourage business and housing growth in Activity Centers and Neighborhood Main Streets.

ALIGN POLICIES

Align Royal Oak's future land use policy, zoning regulations, and other ordinances in order to produce the future city that residents and city leadership desire, directing the development and business community, and expediting development and zoning processes, recognizing that the city, developers, and business owners are partners in building Royal Oak's future.

INVESTING IN NEIGHBORHOODS

RENO Program Supports Residents + Neighborhoods

The City of Royal Oak will soon launch a new program that incorporates some key master plan tenets. RENO, or Residential Enhancement and Neighborhood Opportunity, is a fee-waiver program designed to incentivize residential improvements that advance key community priorities—sustainability, housing affordability, and aging in place.

The program provides eligible homeowners, property owners, and developers with permit and inspection fee waivers, and provides up to two hours of complimentary consulting with the City's Building Division to support successful project delivery.

The program will focus on three areas:

GREEN NEIGHBORHOODS

Promoting energy-efficient and sustainable improvements to reduce utility costs and environmental impacts. Qualifying projects include high-efficiency HVAC systems, solar panels, EV charging stations, attic and wall insulation, and more.

Eligible properties:

- Residential: single-family homes, duplexes, townhomes, and condominiums
- Commercial: small-businesses and mixed-use buildings

Open to residential and commercial property owners.

AFFORDABLE HOUSING

Increasing the supply of workforce housing by incentivizing development and rehabilitation of units affordable to middle-income households (80%–120% of Area Median Income, or AMI).

Eligible properties:

- Residential only: multifamily developments, e.g., apartment complexes, townhome clusters, senior community/living homes, and residential components of mixed-use projects

SENIOR HOUSING IMPROVEMENT

Supporting older residents to safely age in place by reducing financial and logistical barriers to critical home modifications and repairs. Qualifying projects include wheelchair ramps, accessibility modifications, stair and chair lifts, and more.

Eligible properties:

- Owner-occupied single-family homes and condominiums

Open to resident homeowners aged 62 and older with household income at or below 120% AMI.

The RENO Program is expected to launch in September. For more information, email RENO@romi.gov or call 248-246-3280.

Requirements vary widely across jurisdictions. Act as your own safety advocate and know before you go. Be sure the following safety measures are addressed.

SAFETY TIPS

- ✓ Working smoke alarms are in every sleeping room. They are outside each separate sleeping area. They are on every level of the home.
- ✓ Working smoke alarms are interconnected, if possible. When one alarm sounds, they all sound.
- ✓ Portable fire extinguishers are in the home and are easy to reach.
- ✓ Working carbon monoxide alarms are outside each separate sleeping area. They are on every level of the home and in other locations as required by laws, codes, or standards.
- ✓ The owner has posted a floor plan. It notes all escape routes and exits and provides emergency contact information.
- ✓ Everyone knows the address of the home.
- ✓ Everyone staying in the home has identified two ways out of every room and how to escape in an emergency.
- ✓ All doors and windows that lead outside are able to be opened.
- ✓ An outside meeting place has been chosen. It is a safe distance away from the home.
- ✓ Everyone knows how to call 9-1-1 or the local emergency number from a cell phone from outside.
- ✓ If smoking is allowed, a smoking area has been designated and is well away from the structure. Deep, sturdy ashtrays have been provided.
- ✓ All pathways are free and clear of tripping hazards.
- ✓ Electrical outlets are free from multiple cords and adaptors.
- ✓ The stovetop is clear. Anything that can catch fire is not near the stovetop, such as curtains and towels.

WINDOW AND DOOR ALERT!

Be on the lookout for rooms with tiny windows. These are too small to serve as a means of escape.

Security bars on doors and windows can trap people in a fire. Make sure any security bars have quick-release devices. Tools, keys, or special efforts should not be needed to open them.

KNOW BEFORE YOU GO

Peer-to-peer hospitality services are not regulated in the same way as hotels. Requirements vary widely across jurisdictions. Do your homework before making a reservation. Check online to see your travel destination's regulations for rental properties. Ask your host if the property meets the regulations. Discuss other safety concerns you may have.

Check the forecast in case of storms that could cause power outages; assure the property has equipment (batteries, lanterns, etc.) in the event of a power outage.

Learn the Sounds of Fire Safety

Is there a beep or a chirp coming out of your smoke or carbon monoxide alarm? What does it all mean? Knowing the difference can save you, your home, and your family! Make sure everyone in the home understands the sounds of the smoke and carbon monoxide alarms and knows how to respond. Learn the sounds of your smoke and carbon monoxide alarms by checking the user guide or search the brand and model online.

What is your alarm telling you?

SMOKE ALARMS

- A continued set of three loud beeps—beep, beep, beep—means smoke or fire. Get out, call **9-1-1**, and stay out.
- A single “chirp” every 30 or 60 seconds means the battery is low and must be changed.
- All smoke alarms must be replaced after 10 years.
- Chirping that continues after the battery has been replaced means the alarm is at the end of its life and the unit must be replaced.

CARBON MONOXIDE (CO) ALARMS

- A continuous set of four loud beeps—beep, beep, beep, beep—means carbon monoxide is present in your home. Go outside, call **9-1-1** and stay out.
- A single chirp every 30 or 60 seconds means the battery is low and must be replaced.
- CO alarms also have “end of life” sounds that vary by manufacturer. This means it’s time to get a new CO alarm.
- Chirping that continues after the battery has been replaced means the alarm is at the end of its life and the unit must be replaced.

Make sure your smoke and CO alarms meet the needs of everyone in your home, including those with sensory or physical disabilities.

Some tips:

- ✓ Install a bedside alert device that responds to the sound of the smoke and CO alarms. Use of a low frequency alarm can also wake a sleeping person with mild to severe hearing loss.
- ✓ Sleep with your mobility device, glasses, and phone close to your bed.
- ✓ Keep pathways like hallways lit with night lights and free from clutter to make sure everyone can get out safely.

Hear a Beep, Get On Your Feet!

Get out and stay out! Call 9-1-1 from outside.

Hear a Chirp, Make a Change!

A chirping alarm needs attention. Replace the batteries or the entire unit if it's over 10 years old. If you don't remember how old the unit is, replace it!

Dear Royal Oak Schools Community,

I'm excited to begin my journey with Royal Oak Schools and to build strong relationships with students, staff, families, and community members. As a former teacher, coach, principal, and assistant superintendent, I look forward to connecting with you in our schools, at events, and throughout the community. Together, we'll embrace the opportunities and challenges of the year ahead, working to ensure every student reaches their full potential, regardless of their educational path.

As we open our doors for another exciting year, I'm proud to celebrate the strong partnership between our schools and the community - a connection that's very quickly become clear to me, reinforcing my belief that when we work together, great things happen. So, as we cross paths at events, I invite you to stop and share your thoughts on how we can continue to enhance our community of excellence. My plan this year, borrowing from a great coach and leader (albeit a fictional one), is to "be curious, not judgmental" as I learn more about our schools and the people who make them special. I'm grateful to be part of this district and look forward to the journey ahead with all of you.

The first day of school for students is August 25, 2025. Our dedicated administrators, teachers, and staff are prepared and eager to welcome students back into the classroom. In the week leading up to students' return, our entire staff will come together to launch the new school year. This time allows us to welcome new team members, align around shared goals, and complete essential safety training. As we prepare to start the third year of our strategic plan, our district will also engage in meaningful professional learning. We extend our congratulations to the staff and administrators who have retired or moved on to new opportunities, and we thank them sincerely for their service to the students and families of Royal Oak Schools. Thank you to Superintendent Fitzpatrick for her eight years of exemplary leadership and service to Royal Oak Schools. She has left behind a legacy with big shoes to fill, and I am up for the challenge.

To stay informed about key district happenings, please follow us on social media, check out our district website, and subscribe to our monthly newsletter, *The District Dispatch*.

Thank you for your continued support of our district's students and families.

John Tafelski
Superintendent

2025-2026 School Year Begins Monday, August 25, 2025

Great Start Readiness Program (GSRP)

The Royal Oak Schools Great Start Readiness Program (GSRP) currently offered at Addams Early Childhood Center is designed to get your four-year-old ready for Kindergarten. The program runs from mid-September to mid-May each year, following the district holiday and break schedules. The classroom is staffed with a certified K-8 teacher with ZA endorsement (early childhood emphasis) and an associate teacher. The student-to-teacher ratio is 10:1. Classes are held Monday through Friday. This program is fully licensed through the State of Michigan.

Apply now for the 2025-2026 school year. Students must be four years of age by December 1, 2025. Visit aecc.royaloakschools.org for more enrollment information.

GSRP is a state program that is funded through a grant from the State of Michigan Department of Education. For qualifying families, there is no cost to participate.

Young Oaks Before & After School Child Care Program

Royal Oak Schools offers a fee-based before and after school child care for school-aged children at each of the six elementary schools.

The Young Oaks Program emphasizes a comfortable, supervised atmosphere that includes activities that will enhance the child's physical, social and academic growth.

The program is fully licensed by the State of Michigan and follows all of its guidelines. The staff is fully trained in CPR and first aid and receives additional appropriate in-service training throughout the year.

We offer care before and after school, as well as on some vacation days. In addition, summer care is available during the summer break.

For more information regarding the fee structure of the Young Oaks Program, call (248) 288-3220, Ext. 0.

Early Childhood Center Offers Preschool Programs for Three & Four-Year-Olds

The Royal Oak Schools Preschool Program offered at Addams Early Childhood Center is available to three and four-year-olds. This program is fully licensed by the State of Michigan. We have specially trained early childhood teachers providing a student-to-teacher ratio of 18:3 for four and 14:3 for three-year-olds.

Our HighScope Curriculum supports developmentally appropriate practices (DAP), including gross motor skills, small and large group activities, songs, stories, creative arts, and social interaction. To support the transition to kindergarten, teachers share information with elementary buildings each spring.

We offer a variety of programs to help fit the diverse needs of families. Families can have full or half-day programming. Half-day programming is Monday through Thursday 8:45 am-11:45 am or 8:45 am-3:45 pm. Full-day programming is Monday through Friday, 8:45 am-3:45 pm. Extended Care is available for an additional fee for families who need to extend their child's day. Extended Care is available Monday through Friday 7:30 am-5:30 pm. The program operates from September through mid-June with holidays in accordance with the district calendar. For registration information and/or questions on these fee-based programs, please call (248) 288-3220, Ext. 0.

Royal Oak Celebrates the Class of 2025 Across Two Meaningful Commencements

Royal Oak's graduating Class of 2025 was recently celebrated with heartfelt ceremonies that honored academic excellence, personal growth, and the promise of bright futures. Students from Royal Oak High School, Churchill Community High School, and Churchill Continuing Education were recognized in front of proud families, dedicated educators, and community supporters.

At Royal Oak High School, over 300 seniors received diplomas, with many being honored for standout achievements in and out of the classroom. The class included 56 Summa Cum Laude graduates, 17 Magna Cum Laude, 19 Cum Laude, and 42 who Graduated with Distinction. Seventy students were inducted into the National Honor Society, and collectively, the class earned close to \$1 million in scholarships.

Churchill Community High School's ceremony offered a powerful tribute to students' determination and growth. The event reflected the school's inclusive and personalized approach, as

many graduates shared their journeys of perseverance, self-discovery, and academic and personal success. Churchill was especially honored to welcome Justice Richard Bernstein of the Michigan Supreme Court as the evening's keynote speaker. Justice Bernstein shared his journey of facing and overcoming adversity, inspiring the graduates with his message of perseverance and self-belief. He reminded the Class of 2025 that setbacks and obstacles do not define a person's future—instead, they build strength and character. His words resonated deeply with our students, many of whom have experienced their hardships, and reinforced a powerful message: never give up, even when others doubt you.

Together, these ceremonies highlighted the core values of Royal Oak Schools: fostering an inclusive, student-first environment that prepares learners to adapt and thrive. The Class of 2025 moves forward not just with diplomas but with the resilience, compassion, and confidence to meet the future head-on. Congrats.

Celebrating Student Success Across Royal Oak Schools

Royal Oak Schools is proud to celebrate the outstanding achievements of several students whose success stories reflect the strength, diversity, and determination of our #ROSCommunityofExcellence. From prestigious scholarships to statewide recognition, these students are shaping their futures with confidence and purpose.

Abigail Woodruff – Voice of a Generation

A Royal Oak Middle School student, Abigail Woodruff, continues to impress with her talent in public speaking. After winning her local and regional contests, Abigail earned a \$2,500 scholarship in the Michigan District Oratorical Contest. She represented the state at the Optimist International Regional

Competition in St. Louis in July. Her powerful voice and poise make her a rising leader and an inspiration to peers.

Lillian Navin – MSU Full-Ride Scholar

Royal Oak High School senior Lillian Navin stood out among nearly 1,000 global applicants to be awarded one of Michigan State University's highly selective Alumni Distinguished Scholarships. Her academic excellence, leadership, and performance in the two-day scholarship competition earned her a place in MSU's Honors College.

Devon Mills – Giving Back & Moving Forward

Devon Mills, also from ROHS, has been awarded the Robert A. Schuele Scholarship through the Metro Detroit Youth Club. Devon's journey from club participant to mentor for younger members stood out among more than 900 applicants. His award covers the full cost of attendance at MSU, allowing him

to pursue his dream of becoming a physical therapist without the financial burden of college.

Declan O'Reilly – Champion for Conservation

Known for his advocacy in conservation, Declan O'Reilly made headlines again this year as the Arctic Grayling Initiative he supported took a big step forward. Invited by the DNR to attend a milestone event for the project, Declan was celebrated for his fundraising ef-

orts and ongoing dedication to environmental stewardship. His leadership continues to make a lasting impact on Michigan's natural resources.

ACE & OTEC Graduates – Career-Ready Trailblazers

Graduates of the Oakland Schools Technical Campus (OTEC) and Adult and Community Education (ACE) programs exemplify real-world readiness. Eight ROHS students were honored at the 2025 Oakland ACE and OTEC Graduation Celebration for earning college credit—and even associate degrees—while still in high school!

Josephine Devine, Emma Fields, Carter Harris, Oliver Harris, Tair Karanfili, Jonathan McNett, Jacob Mihelic, and Mia Yerke showed incredible dedication and balance. These students pursued career-focused paths in trades, health care, IT, and more, earning certifications and hands-on experience that set them apart. Their success reflects Royal Oak Schools' commitment to preparing every student for a meaningful future, whether through college, apprenticeships, or direct-to-workforce careers.

Each of these students demonstrates what it means to be adaptable, growth-minded, and community-focused. We are proud to celebrate their stories and look forward to all they will accomplish in the years ahead.

Churchill Community Education Center

Churchill Community High School

Daytime Alternative High School Program for students 16-19 years of age and currently in 10th grade or higher. Students must be under the age of 20 as of September 1 of the current school year. **Enrollment interviews are being scheduled now for the 2025-26 school year.**

Days: Monday through Friday

School Calendar: CCHS operates on four quarters per year. Students have the opportunity to earn up to two credits per quarter, or eight credits in a school year. There are opportunities for students interested in earning additional credit each quarter as well. Quarters begin on: August 25, October 29, January 22 and April 6.

Potential students, please call 248-588-5050, Ext. 1502 to schedule an enrollment interview.

Royal Oak Continuing Education

Continuing/Adult Education is for adults age 19 and older who wish to complete the requirements for a high school credential. After analyzing factors like previous progress in school and placement tests, staff and students will decide on an individualized plan together. That plan could include taking the GED or finishing a HS diploma.

English as a Second Language is for adults who are learning the English language. This class provides basic English vocabulary, grammar pronunciation, speaking, listening, and culture. Teaching materials and methods include multimedia presentations, discussion, and independent online work.

Online Registration opens August 1, 2025

Placement Tests begin August 13, 2025

Start by making an appointment for the program that interests you at the website below. These programs are open to any Michigan resident, regardless of their district of residence.

For more details, please visit www.ccec.royaloakschools.org

Residents invited to apply for Board of Education Committees

The School Board actively seeks the advice of community members through a wide range of advisory committees and councils. These advisory committees and councils are appointed by the School Board, advise the School Board and, when appropriate, make recommendations on issues or policies related to the successful operation of the school district.

Applications are now being accepted for the Royal Oak Schools 2025-2026 committees, which include:

- Arts & Preservation
- Communications
- Wellness
- Health/Sex Education Advisory
- Finance & Facilities
- Curriculum Advisory

Applications are available on the district website, www.royaloakschools.org, Board of Education page under the "District" tab. Application forms should be returned to the Superintendent's Office, Royal Oak Schools, 800 DeVillen Ave., Royal Oak, MI 48073, or e-mailed to Jennifer Perkins at jennifer.perkins@royaloakschools.org. For more information, contact Jennifer Perkins, Executive Assistant to the Board of Education and Superintendent, at 248-435-8400, Ext. 1228. The deadline for submitting applications is Friday, September 12, 2025.

Annual Notices

Royal Oak Schools are required to annually provide notices to the community. The notices make community members aware of their rights in regards to directory information, educational records, pupil rights, bloodborne pathogens, privacy rights and nondiscrimination. The notices are posted on our website, www.royaloakschools.org. If you have questions about these notices, or would like to have hard copies of them provided to you please contact the Superintendent's Office, at (248) 435-8400.

Welcome New Leadership to Royal Oak Schools

Royal Oak Schools is pleased to welcome three outstanding professionals to key leadership roles in the district:

**Dr. John Tafelski,
Superintendent**

With a strong background in educational leadership and student-centered practices, Dr. Tafelski brings a collaborative spirit and a forward-thinking approach as he steps into the role of Superintendent.

**Derek Smith,
Director of Athletics and Activities**

Mr. Smith joins us with a wealth of experience in student athletics and extracurricular programming. He is dedicated to fostering school pride, promoting teamwork, and providing inclusive opportunities for all students.

**Jennifer Perkins,
Executive Assistant to the
Superintendent**

Ms. Perkins brings exceptional organizational skills and a dedication to service that will support the Superintendent's office and district operations.

Together, their leadership will help strengthen our mission of fostering a safe, inclusive, and student-first environment across Royal Oak Schools.

Welcome to all new employees! Have a great year!

Soup with the Super Save the Date

**Wednesday, September 24, 11:30 am - 1:00 pm
at the Royal Oak Senior Community Center**

Meet the new leadership of Royal Oak Schools!

When You Have a Question or Concern...

1. Take your question or concern to the person closest to the problem.

Whether in the classroom, in the cafeteria, or on the playground or practice field, the quickest and easiest solution is usually found with the person most directly involved. Talk with that person first. In order to find a time that is satisfactory to both you and the individual involved, you may need to make an appointment. When you make an appointment, please state the general nature of your question or concern, so the staff member can save both of you time by researching the issue and gathering the necessary information in advance of meeting with you. It is a good practice to establish and maintain open communication with school staff. Please contact them not only when you have a question or concern, but also when things are going well.

2. If your question or concern is not resolved, contact your administrator.

The School Principals, Special Education Director, Athletic Director, Community Education Director, and Food Services Director are all individuals who are willing to work with you to help answer questions or resolve concerns. These persons, too, may need to find a time that is appropriate for both of you to meet. When you make contact with them, to arrange a time to talk or meet, it is helpful for them to know the basic nature of your concern and the person with whom you first talked in working to resolve the concern.

3. If your concern is still not resolved, contact District Administration.

There are times when you may not receive satisfaction and need to contact the Superintendent's Office. When you do, either the Superintendent or one of the Executive Directors who work closely with the Superintendent will respond to you. Please keep in mind that a meeting may require advance planning. When you make contact with the Superintendent's Office to arrange a time to talk or meet, it is helpful for them to know the basic nature of your concern, and the persons with whom you have talked at the building or department levels to resolve the concern.

4. How can Board of Education members help you?

School Board members are elected to represent the interests of all parents and district residents. They do not, however, have direct authority in day-to-day operations of the school. The authority of the Board of Education is the result of official actions decided on by a majority of Board members at meetings open to the public. The Board's primary responsibility is to make policies that guide the school district.

Contact with the Board of Education is appropriate after you have attempted to resolve a question or concern at all prior levels, when a policy is being enforced but you believe it results in bad consequences, or when you believe that at the Superintendent level a policy isn't being followed or is not being followed fairly for all.

ROYAL OAK SCHOOLS FOUNDATION
ENRICHING LIVES THROUGH EDUCATIONAL OPPORTUNITY

Superintendent Mary Beth Fitzpatrick Retires After Years of Impactful Leadership

The Royal Oak Schools community is honoring the retirement of Superintendent Mary Beth Fitzpatrick, whose leadership has helped shape the district into one of excellence, resilience, and innovation.

Since taking the helm in 2017, Fitzpatrick has led Royal Oak Schools through a period of transformation and challenge, including navigating the complexities of the COVID-19 pandemic, launching forward-thinking instructional practices, and overseeing long-term strategic planning. Throughout it all, she remained focused on what mattered most: students, staff, and the larger community.

Her leadership was grounded in values of inclusion, equity, and student-centered decision-making. She championed initiatives that supported social-emotional health, expanded academic opportunities, and fostered strong relationships between schools and families. These efforts reflect her profound conviction in the transformative power of public education to uplift and empower.

Beyond programs and policies, Mary Beth Fitzpatrick is known for her commitment to the people she served. From families and educators to city leaders and business partners, her collaborative spirit helped build bridges and strengthen Royal Oak's educational foundation.

As she steps into retirement, the legacy of her work will continue in the classrooms, hallways, and neighborhoods of Royal Oak. The district—and the community it serves—extends its heartfelt thanks for her vision, dedication, and unwavering belief in the potential of every child.

Honoring Our Retirees

As the sun rises on another school year, Royal Oak Schools would like to express our heartfelt gratitude to the staff members who retired this year. These individuals have given their time, talents, and hearts to generations of students, helping shape the district into the Community of Excellence it is today.

From classrooms and offices to cafeterias, buses, libraries, and maintenance teams, our retirees have touched countless lives and left a legacy built on dedication, compassion, and professionalism. Their commitment to fostering a safe, inclusive, and student-first environment reflects the very heart of our mission.

As they step into retirement, we celebrate not only their careers but also the difference they made in our schools and community. Whether they spent five years or forty in Royal Oak, their contributions are woven into the fabric of our district.

To all our 2025 retirees: thank you. We wish you joy, rest, and fulfillment in this next chapter. Total years of combined educational service: 495 years!

Bridging Generations: Waltonwood and Royal Oak Schools Build a Stronger Community Together

A unique and growing partnership between Royal Oak Schools and Waltonwood Royal Oak, a local senior living community, is demonstrating the power of intergenerational connection to enrich lives and strengthen community bonds. Through shared projects that support literacy, wellness, and mutual learning, this collaboration is becoming a model for meaningful engagement across ages.

At the heart of this partnership is a shared belief: that everyone, no matter their age, has something valuable to contribute. Waltonwood residents have actively embraced opportunities to connect with students in ways that are both heartwarming and impactful.

One such initiative was a book drive organized by Waltonwood to benefit Upton Elementary School. Inspired by the spirit of Dolly Parton's Imagination Library, the drive focused on providing students with new, age-appropriate books to build their home libraries and promote a lifelong love of reading. Residents went a step further by visiting Upton to read with students, creating meaningful moments of connection through storytelling and conversation.

At Oak Ridge Elementary, students and seniors came together for the second year in a row to contribute to the school's Wellness Rock Garden—a vibrant, student-and-senior-created display of hand-painted rocks carrying messages of encouragement, positivity, and hope. Over 450 rocks were decorated during this year's event, which has grown into a cherished tradition.

The unveiling celebration of the Wellness Garden captured the spirit of the partnership: a community coming together, joyfully and creatively, to support student wellness and promote emotional connection.

This partnership reflects the shared values of both organizations: prioritizing compassion, creativity, and the well-being of all. As Royal Oak Schools continues its mission to create a safe, inclusive, and student-first environment, collaborations like this one are helping to bring those goals to life, reminding us that community strength is built across generations.

Waltonwood Royal Oak's involvement serves as a powerful example of civic engagement and service in action. Their continued support and presence in our schools are helping to inspire students and build a culture of kindness, empathy, and community pride.

Rolling Into the Future: Mobile STEAM Lab Inspires Northwood Students

Excitement filled the air at Northwood Elementary as students in grades 1–4 stepped aboard a cutting-edge classroom on wheels. The Mobile STEAM Lab, a new initiative from the Girl Scouts of Southeastern Michigan (GSSEM), made a special stop in Royal Oak to offer a sneak peek at the future of hands-on learning.

Four classrooms – led by Ms. McCutchen, Mrs. Palma-tee, Mrs. Christian, and Mrs. Cavell – were selected to participate in an exclusive pilot of the lab, which features state-of-the-art tools designed to engage students in science, technology, engineering, art, and math.

For two days, the lab transformed the school parking lot into a hub of creativity and curiosity. Inside, students built simple robots, explored the basics of coding, and tackled interactive challenges that encouraged problem-solving and teamwork. The energy was contagious, with students exchanging high-fives and excited questions as they moved through the stations.

The experience equally energized teachers. Many commented on how powerful it was to watch students connect classroom learning to real-world applications in such an immersive setting.

The Mobile STEAM Lab is part of GSSEM's broader mission to spark early interest in STEM fields and make high-quality educational experiences accessible to more students across Southeast Michigan. Northwood's participation not only gave students a unique opportunity, it also played a role in helping GSSEM refine the program through valuable student feedback.

This partnership reflects Royal Oak Schools' commitment to innovative learning and aligns with the district's mission to prepare students for an ever-evolving world. By opening doors to exploration and discovery, programs like this help ensure that students are not just learning – they're inspired to lead.

Royal Oak Middle School Expands Student Engagement Year-Round

Royal Oak Middle School held its first Summer Activities Fair for students before school let out. This initiative connected students and families with a wide range of local programs, camps, and enrichment opportunities available throughout the summer. The event highlighted the school's continued efforts to keep students engaged not just during the academic year, but all year long.

Held in the school gym, the fair welcomed community partners, local organizations, and school-affiliated groups who shared everything from athletic clinics and theater camps to volunteer programs, STEM activities, and library reading challenges. Students had the chance to explore hands-on displays, chat with program leaders, and discover new ways to stay active, creative, and connected over the break.

This past year, Royal Oak Middle School implemented or continued several key initiatives aligned with its mission of putting students first in a safe and inclusive environment:

- Recess Returned:** ROMS brought back daily recess for students, allowing students to move, play, and recharge during the school day, supporting both physical and emotional wellness.
- Phone-Free Learning:** A no-cell-phone policy was upheld to help students stay present, focus on their learning, and build stronger peer connections without distractions.
- STEMi Truck Experience:** In partnership with Oakland Schools, the school welcomed the STEMi Truck—a mobile, state-of-the-art learning lab where students explored robotics, automation, coding, and other high-tech career pathways.
- First-Ever Career Fair:** ROMS hosted its inaugural Career Fair, providing students with the opportunity to meet professionals from a diverse range of industries, ask questions, and start envisioning their own future possibilities.

These efforts reflect Royal Oak Schools' commitment to whole-child development and future-ready learning—special thanks to all the staff, volunteers, and community partners who made this year a success. Together, we're helping students discover what's possible.

Support Person of the Year

Congratulations to **Paula Sutterfield**, our Royal Oak Schools Support Person of the Year!

With 15 years of dedicated service as the Administrative Assistant to the Superintendent and the Board of Education, Paula played a vital role in ensuring the smooth operation of our district. Her commitment, professionalism, and heart for service made a difference every single day.

Paula shared, "I am incredibly honored and humbled to be named Royal Oak Schools Support Person of the Year. Working alongside such dedicated educators, staff, and leaders is a privilege I never take for granted."

Thank you, Paula, for all you did for our students, staff, and community, and enjoy your retirement.

New Student Members to the Board of Education

Royal Oak Schools is proud to welcome its newest student representatives to the Board of Education for the 2025–2026 school year. These student leaders will serve as the voice of their peers, helping ensure that student perspectives are taken into account in district decision-making. This year's student board members were selected through a thoughtful application and interview process that evaluated leadership, community involvement, and a desire to represent fellow students with responsibility and integrity. As non-voting members of the Board, they will participate in regular meetings, report on student experiences, and share insights that help inform the district's policies and initiatives.

Serving in this role offers students a unique opportunity to develop civic leadership skills while making meaningful contributions to their school's governance. Their participation reflects Royal Oak Schools' mission to create a student-first environment where every voice matters and where students are empowered to become growth-minded, adaptable citizens. Please join us in congratulating our new student board members.

2025-26 School Meals Information

As we prepare for the 2025–2026 school year, we want to remind families that meal benefits for all students have not yet been finalized. While the Michigan School Meals Program provided free meals last year, we are awaiting guidance from the state on whether that will continue. In the meantime, it is critical that families complete a free/reduced meal application. Submitting this form not only helps determine eligibility for meal benefits but also supports school funding and access to additional resources for students. Federal and state education funding also relies on free and reduced-price eligibility.

To apply for the 2025-2026 school year, please use the online application available under Free and Reduced Meals Information on our website. Paper applications will be distributed in August and will be accessible at the district office and all schools during that time.

For any assistance or inquiries regarding the Food Service Department and the application process, please feel free to contact us at (248) 435-8500, Ext. 1123.

USDA Rules for 2025-2026:

- Students are required to select at least one serving of fruit or vegetable at lunch and breakfast (100% juice counts as a serving of fruit).
- Smart Snacks in School, the USDA's "All Foods Sold in Schools" Standards ensure kids are only offered tasty and nutritious foods during the school day.

Nutrition Standards for All Foods Sold in Schools

Any food sold in schools must:

- Have as the first ingredient a fruit, vegetable, dairy product or protein food; or
- Be a combination food that contains at least $\frac{1}{4}$ cup of fruit and/or vegetable; or
- Contain 10% of the Daily Value of one of the nutrients (calcium, potassium, vitamin D, or dietary fiber)

Foods must also meet several nutrient requirements:

- Calorie limits: snacks 200 calories; entrees 350 calories
- Fat limits: total fat 35% of calories; saturated fat 10% of calories; trans fat zero grams
- Sugar limit: 35% of weight from total sugars in foods

**Note: These guidelines also pertain to fundraising programs unless the school has granted an "exception" to the fundraising group.*

Nutrition Information

Digital menus are available via **Nutrislice**. Features will include: mobile and web application convenience, improved communication with parents, students and community, enhanced navigation for food allergies and dietary concerns, easy to access anytime and anywhere. Go to www.royaloakschools.nutrislice.com. No log in required, just visit this site and choose your menu.

Around the District

Seniors and classmates sing at the ROHS graduation.

What better way to figure out who goes first? Rock, paper, scissors, SHOOT!

The Girls Tennis team had an incredible season, finishing with a 11-2-2 record and going undefeated in league play (6-0) to claim their third straight OAA league championship.

The Varsity Softball team had a standout season, finishing with a 21-15-1 record and capturing the District Championship.

Two ROMS students held book signings at Juneteenth and represented Royal Oak Schools; Shaelyn Simms, Journey To Freedom, and Princeton Lockett, Secret of the Wolves.

Upton students celebrate being named a Michigan Green School at the Detroit Zoo.

Students, families, and staff across Royal Oak Schools participated in walk-to-school events in partnership with the City of Royal Oak's Safe Routes to School initiative.
