## ROYAL OAK PARKS AND RECREATION AT A GLANCE

### MISSION STATEMENT

To provide residents a variety of year-round recreation opportunities that are responsive to their needs, are enjoyable to their families, and contribute to their physical and mental well-being while maintaining and improving the aesthetic, functional, and sustainable value of all parks, playgrounds, athletic fields, and open spaces.

Royal Oak has a long history of championing park space. In the 1930s and 40s, the Royal Oak Parks Commission sought to implement their vision of playgrounds, parks, and preservation areas, creating a network of park spaces within the majority of the city's neighborhoods. Due to the diligence of past and current leadership, 92% of children, 93% of adults, and 91% of seniors in Royal Oak are within a 10-minute walk to a park. Royal Oak's parkland makes up 4.5% of the total square miles in the City.

# A LETTER FROM THE DIRECTOR

This past year has been one of exciting growth and transformation for Parks and Recreation in Royal Oak. We are proud to share some of the milestones that are helping us better serve you and strengthen the connections that make our community so special. Here are just a few highlights from 2025:

- Established our first-ever dedicated Parks and Recreation Department, overseeing all 51 parks and recreation facilities citywide and allowing us to better serve the community with more focused planning, programming, and support.
- Relocated our administrative office to City Hall, making it easier for residents to access services, ask questions, and stay connected with our team.
- Updated our fee schedule and launched a resident priority registration system, giving Royal Oak residents early access to programs.
- Redesigned The Insight program guide to make it easier to navigate and find the information that matters most to you.
- Secured long-term facility management agreements for three beloved community spaces: Royal Oak Golf Course, John Lindell Ice Arena, and Royal Oak Farmers Market.

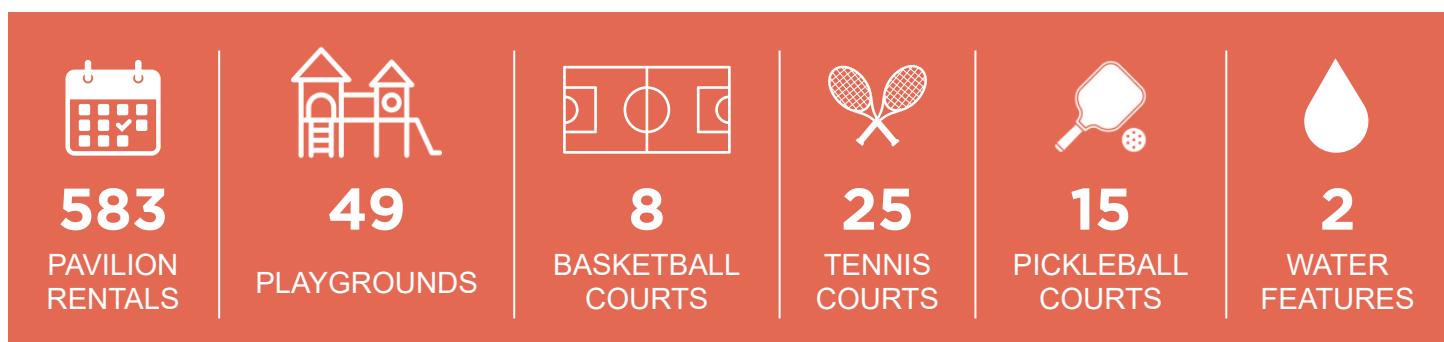

These changes reflect our ongoing commitment to making parks and recreation more accessible, responsive, and enjoyable for everyone in Royal Oak. Thank you for being part of this journey. We invite you to stay connected and be a part of shaping the future of parks and recreation in Royal Oak.

Warmly,

[I was] fortunate to find the aphasia support group in Royal Oak....The facilitators encourage and guide us, helping to expand our vocabulary, [build] confidence, and create a strong community essential in recovery.”
